DIPALI GUPTA

Software Developer

Profile

Motivated Java Developer with approx 1 year of hands-on experience in developing scalable and efficient e-commerce applications. Proficient in Java, Spring Boot, and related technologies, with a focus on back-end development and API integration. Passionate about solving real-world problems in the e-commerce domain by leveraging cutting-edge technologies.

PROFESSIONAL EXPERIENCE

Company - SeemaRai Consultancy Services, Meerut

Designation - Associate Software Engineer

Duration: Dec 2023 - to present

Project - StepToDelivery (Grocery Delivery Application)

Technologies: Java, Spring Boot, MySQL, AWS, RabbitMQ

Project Description - An e-commerce grocery delivery platform that allows users to order groceries online, track deliveries in real-time, and receive notifications via email and SMS. The application includes features like user authentication, product browsing, cart management, and payment processing.

KEY RESPONSIBILITIES

- Developed and maintained microservices using Java and Spring Boot for the e-commerce grocery delivery platform StepToDelivery.
- Implemented RESTful APIs for various modules such as order management, product catalog.
- Used RabbitMQ for messaging between microservices to handle asynchronous tasks like order notifications and delivery updates.

work & Projects

- Major Project 01/24 - 04/24
E-Learning Web Application
Developed web applications utilizing HTML, CSS, JAVASCRIPT, REACT.JS
- PYTHON DATA SCIENCE COURSE
06/23 - 07/23
Stock Market Visualization
Developed a project using technology PYTHON DATA SCIENCE.

ACHIEVEMENTS/CERTIFICATES

- Workshop on application development using python organized by PRECURSOR.
- Participated in cultural activities (singing & dancing) in a youth festival.
- Certification in Python101 for Data Science a course offered by IBM.
- Completed course for Agile simulation with JP Morgan
- Live Coding Workshop to build a Memory Game App using ReactJS , HTML and CSS organized by cuvette

- Collaborated with the front-end team to ensure seamless API integration for the user dashboard and admin panel .
- Implemented caching strategies using Redis to enhance application performance.

ACTIVITIES AND HONORS

Reading & Net Surfing
Music & Singing
Cooking
Travelling

KEY SKILL

Quick learners
Ability to plan & organize
Problem solving
