EXPERIENCE

SR Institute of Technology, Lucknow

B.Tech in Computer Science and Engineering — 82%

2019 – 2023

Lucknow, Uttar Pradesh, India

EXPERIENCE

Tantrash Technologies Pvt. Ltd. [↗](#)

Role - Flutter Developer

Feb 2024 – Present

Lucknow, Uttar Pradesh, India

- Developed and maintained mobile applications using Flutter, integrating **RESTful APIs** and state management with Provider.
- Implemented custom widgets and reusable components to improve code maintainability and UI consistency across the app.

Invisor Technologies Pvt. Ltd. [↗](#)

Role - Flutter Developer Intern

Aug 2023 – Jan 2024

Lucknow, Uttar Pradesh, India

- Successfully completed a 6-month paid internship, learning and working on Flutter widgets, components, and API integration.

PROJECTS

RAV Business (Real Estate) [↗](#) | Flutter (Dart), VS Code, UI, RESTful APIs

- Developed a mobile app for real estate agents to track business growth, team performance, and client support.
- Added features like support tickets, dashboards, and sponsor details using Flutter and REST APIs.

RAV Customer (Property Management) [↗](#) | Flutter (Dart), VS Code, UI, RESTful APIs

- Developed a mobile CRM app for real estate professionals to manage property transactions, upload KYC documents, and track commissions.
- Implemented features like sales partner monitoring, property listings, site visit scheduling, and in-app query handling for discounts, expenses, and wallet.

RAV Download (E-Commerce App) [↗](#) | Flutter (Dart), VS Code, UI, RESTful APIs

- Developed and implemented an e-commerce application for Rav Organic, covering the entire purchase flow from order placement to return policy management.

Sanmarg (Spiritual Streaming App) [↗](#) | Flutter (Dart), VS Code, UI, RESTful APIs, Provider

- Developed the Sanmarg app using Flutter with YouTube videos, live streaming, and profiles of spiritual speakers. Implemented dynamic content fetching and API integration for real-time updates.
- Used Provider for state management and created a responsive, user-friendly UI.

Billing App (Invoice App) [↗](#) | Flutter (Dart), VS Code, UI, RESTful APIs

- Developed a billing application with features including sales list management, invoice creation, customer registration, and outlet profile management.
- Streamlined billing processes by enabling efficient tracking of sales, invoicing, and customer information.

Motive8 (Count Steps App) [↗](#) | Flutter (Dart), VS Code, UI, RESTful APIs

- Integrated a pedometer package to track user steps and convert them into reward points redeemable for incentives.

Amit Enterprises (Inventory Management App) [↗](#) | Flutter (Dart), VS Code, RESTful APIs

- Developed a feature-rich mobile app for wholesale and retail businesses to streamline product management and order processing.
