SUMMARY:

Results-driven Full Stack Developer with hands-on experience in building responsive web applications using React.js, Node.js, Express.js, and modern databases like MongoDB and PostgreSQL. Skilled in creating scalable RESTful APIs, implementing secure authentication using JWT, and deploying applications on Cloudflare Workers. Strong problem-solving abilities, with a passion for clean, efficient code and working in Agile/Scrum environments.

TECHNICAL SKILLS:

- Frontend: JavaScript, React.js, Tailwind CSS, Bootstrap
- Backend: Node.js, Express.js, TypeScript, ORMs
- Database: MySQL, MongoDB, PostgreSQL
- DevOps & Tools: AWS(S3), Cloudflare Workers, Git, REST APIs.

EDUCATION:

Khwaja Moinuddin Chishti Language University, Lucknow

Bachelor's Degree in Computer Application (BCA) | September 2022 - May 2025

PROJECTS:

BlogNest | Full Stack Blog Publishing Platform

Tech Stack: React.js, Node.js, Express.js, PostgreSQL, Tailwind CSS, JWT, Drizzle ORM

- Built a full-stack blogging platform enabling users to create, publish, and manage blog posts with features like categorization, tagging, and user comments.
- Developed an intuitive and responsive frontend using Tailwind CSS for a seamless user experience across devices.
- Designed and integrated RESTful APIs with Node.js and Express.js to support user authentication, blog CRUD operations, and post interactions.
- Utilized PostgreSQL (Neon) with Drizzle ORM for efficient relational data modeling, seamless migrations, and optimized queries.
- Collaborated in an Agile team environment, utilizing Git for version control and continuous integration practices.

EazyPay Payment Website | Full Stack Development

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, PostgreSQL, JWT

- Designed and developed a responsive and intuitive UI using React.js and Tailwind CSS, enhancing user experience and increasing engagement.
- - Built backend RESTful APIs with Node.js and Express.js to manage secure money transfers, profile management, and real-time balance updates.
- Integrated JWT-based authentication and role-based access control for enhanced security and data protection.
- Utilized PostgreSQL for efficient data storage of user information, UPI IDs, and transaction history.
- Developed an Admin Dashboard enabling monitoring of users and transactional activity for business insights.
- Applied Agile methodologies and Git version control throughout the development lifecycle.

EXPERIENCE:

InternPe - Web Development Intern | Remote | 1 Month

- Completed a 1-month internship focused on building responsive web pages using plain HTML, CSS, and JavaScript.

CERTIFICATIONS:

- LetsUpgrade: React Bootcamp Simple to Complete ID:LUERJSFEB1252112

- HackerRank: JavaScript, Problem Solving, SQL ID:E91381980D31

- InternPe: Web Development Internship ID: IPI#33310
