PROFESSIONAL SUMMARY:

Aspiring **SAP ABAP Developer** with a strong foundation in **software development**, specializing in **ABAP coding, debugging**, and **enhancing SAP applications** to streamline business processes. Eager to apply knowledge in **ABAP reports, interfaces**, and **enhancements** to deliver effective solutions in an SAP environment.

Additionally, skilled in **Java** and **Python** for dynamic web development, **data analysis**, and **visualization** using tools like **Tableau** and **Power BI**, with experience in **Spring Boot** and **Flask**.

SKILLS:

- **Programming Languages:** ABAP, Java, Python (Pandas, NumPy, Matplotlib, Seaborn), HTML, CSS, JavaScript
- **SAP Expertise:**
 - ABAP Development (Reports, BAPIs, BDCs, User Exits)
 - OOABAP, Webdynpro
 - ALV Reporting, Smart forms, SAP Scripts
 - Enhancement Techniques (BADIs, User Exits)
 - Data Dictionary (Tables, Views, Data Elements, Domains)
 - Debugging, Performance Optimization
- **Frameworks:** Spring Boot, Flask
- **Databases:** PL/SQL
- **Data Visualization:** Tableau (Visualization, Data Blending and Integration), Microsoft Power BI (Interactive Dashboards, Report Creation, Advanced Analytics and Forecasting)
- **Tools:** Excel (Conditional Formatting, Pivot Tables)

EDUCATION:

Master of Computer Applications

Nov 2022 - Aug 2024

J.S.S. Academy of Technical Education, Noida

Bachelor of Computer Applications

Aug 2019 - Sept 2022

Babu Banarasi Das University, Lucknow

EXPERIENCE:

Internship at Cosmo-info-solution

Jan 2022 - Mar 2022

Student-Teacher Interaction Platform

Overview: Developed a Python-based platform to bridge the gap between students and teachers, streamlining educational institute activities through virtual classes, automated record management, improved resource utilization, easy payment processing, and 24/7 access for continuous academic monitoring.

- **Technologies Used:** Python, Django, JavaScript, PostgreSQL, HTML, CSS.

PERSONAL PROJECTS:

❖ *Customer Support Ticketing System*

Overview: Developed a comprehensive banking application with secure user authentication and robust account management.

- Java programming for backend services.
- PL/SQL for managing and querying a relational database.
- Understanding of customer support workflows.

Technologies Used: Java (for backend logic), Spring Boot (for RESTful APIs), PL/SQL (for database management), and HTML/CSS (for frontend interface).

❖ *Database Performance Monitoring Tool*

Overview: Develop a ticketing system where customers can log issues, and support engineers can manage and resolve these tickets. Include features for ticket categorization, prioritization, and tracking

- PL/SQL skills for writing efficient database queries.
- Java for developing a tool that can analyze database performance.
- Problem-solving in a real-world scenario relevant to database support.

Technologies Used Java (for backend processing), PL/SQL (for interacting with the database), and a simple web interface or console application for user interaction.

❖ *Help Desk Chatbot with PL/SQL Integration*

Overview: Create a chatbot that can assist customers with common support queries, fetching relevant information from an Oracle database.

- Java programming for chatbot functionality.
- PL/SQL for database query handling.
- Innovative application of technology to improve customer support.

Technologies Used: Java (for chatbot logic), PL/SQL (for database queries), and a chatbot framework like Rasa or Dialog flow.

CERTIFICATIONS:

- SAP ABAP ON S/4HANA
- PYTHON DJANGO – Cosmo-info-solution
- JAVA - Udemy
- DATA SCIENCE – Udemy
- SQL – Udemy

POSITION OF RESPONSIBILITY:

• *Event Coordinator, TechFest 2023*

Organized and coordinated a successful tech festival

Managed a team of 15 students, planned and executed various events

Achieved a 30% increase in participation compared to previous years

• *Volunteer, Social Service Club*

Led a community service initiative focused on educating underprivileged children in nearby villages

Organized weekly tutoring sessions in basic mathematics and science, benefiting over 50 students

Coordinated with local NGOs to provide study materials, enhancing the educational experience for the children

EXTRA CURRICULAR ACTIVITIES:

- ***Academic Cricket Club Captain at Babu Banarasi Das University***
Lead an academic cricket club helps to build leadership, teamwork and sportsmanship
- ***Won Inter-college Competition***
Won inter-college math rapid-fire quiz, displaying strong solving and leadership skills

KEY STRENGTH:

- Strong analytical and problem-solving abilities.
- Excellent communication and team collaboration skills.
- Eagerness to learn new technologies and tools.
- Ability to work efficiently under pressure and meet deadlines.
