

Anushka Verma

Personal Projects

User Records (Live) (Code)

Tech Stack: HTML, CSS, Javascript

Description: you can add as many users as you want. Apart from this I have implemented Search functionality and also you can perform CRUD operations.

Todo App (Live) (Code)

Tech Stack: HTML, CSS, Javascript

Description: You can simply add your todo tasks with it's title & description, and also you can delete it. And data will be saved in localStorage so on refresh the page data will not vanish.

Personal Portfolio Website (Live) (Code)

Tech Stack: HTML, CSS, Javascript

Description: This website shows my creativity towards frontend development. Currently it is not responsive and contact form is not added yet, will complete this in coming days.
