PROFESSIONAL SUMMARY

A highly skilled and results-oriented **Java Developer** with extensive experience in **Core Java**, **Spring Boot**, **Hibernate**, and **MySQL**. Adept at designing and developing scalable, high-performance web applications utilizing **MVC architecture**, **RESTful APIs**, and **microservices**. Proficient in implementing robust security mechanisms using **Spring Security** and enabling real-time communication through **WebSocket**.

Possesses a strong understanding of the **Software Development Life Cycle (SDLC)** and **Agile methodologies**, ensuring seamless collaboration within development teams. Demonstrated expertise in test-driven development using **JUnit**, with a focus on optimizing backend systems for efficiency, security, and scalability.

Dedicated to delivering high-quality software solutions by translating business requirements into effective technical implementations. A proactive and analytical professional committed to continuous learning, innovation, and driving technological excellence.

WORK EXPERIENCE

Backend Developer

Data and Grow

Remote

June 2024 – Present

- Designed and developed the backend infrastructure for a **Teen Patti Game** utilizing **Spring Boot** and **WebSocket** to enable seamless real-time multiplayer interactions.
- Implemented secure **authentication and session management** protocols to enhance user data security and access control.
- Optimized real-time server-client communication, significantly reducing latency and improving gameplay experience.
- Developed and integrated **RESTful APIs** to manage matchmaking, game state transitions, and scoring mechanisms.
- Ensured high availability, data integrity, and scalability by leveraging **Spring Data JPA** and **MySQL**.
- Collaborated closely with game designers and frontend developers to align backend functionalities with gameplay requirements.
- Led the optimization of database queries, resulting in a **20% improvement in response time** and enhanced overall system performance.
- Implemented comprehensive **unit testing and test automation** using **JUnit** and **Mockito** to ensure code reliability and minimize defects.
- Monitored system performance and proactively identified bottlenecks using **Prometheus** and **Grafana**, driving continuous optimization efforts.

Java Developer Trainee

InnoBit Systems

Greater Noida, UP, India

Aug 2023 – May 2024

- Designed and implemented a scalable **HR Management System** using **Spring Boot**, streamlining employee records, payroll processing, and performance evaluations.
- Enhanced application security by integrating **Spring Security**, ensuring robust access control and data protection.
- Optimized database operations using **Spring Data JPA** and **Hibernate**, improving data retrieval efficiency and system performance.
- Developed key application features, including **employee leave management**, **payroll generation**, and **performance tracking**.
- Collaborated with cross-functional teams to ensure seamless integration with third-party HR and payroll services.
- Conducted extensive **testing and documentation** to maintain system reliability and facilitate future enhancements.
- Participated in **daily stand-up meetings**, **sprint planning**, and **Agile development cycles**, ensuring timely project delivery.
- Acquired hands-on experience in **version control systems (Git)** and project management tools to streamline collaboration and code management.

SKILLS

- Programming Languages:** Java, J2EE
- Frameworks & Technologies:** Spring Boot, Spring MVC, Hibernate, WebSocket, Spring Security
- Software Architecture:** MVC Architecture, Microservices
- Testing & Debugging:** JUnit, Mockito
- Version Control:** Git, GitHub, Maven
- Database Management:** MySQL
- Development Tools:** IntelliJ IDEA, Eclipse, Apache Tomcat
- Operating Systems:** Windows, Ubuntu

EDUCATION

B.Tech in Computer Science and Engineering

Lucknow, UP, India

Dr. APJ Abdul Kalam Technical University

2020 – 2024

Intermediate

Bhabua, Bihar, India

DAV Public School

2019

10th

UP, India

M A S Sansthan Kamti Kala (Chakia)

2017

CERTIFICATIONS & TRAININGS

Java Developer Certification

Greater Noida, UP, India

Java/J2EE Certificate

Noida, UP, India

InnoBit Systems

Sept 2023 – May 2024

SoftCopy IT Services Pvt. Ltd.

July 2023 – Aug 2023
