CORE RESPONSIBILITIES & CONTRIBUTIONS

- Designed and delivered user-centered digital experiences, aligning aesthetics with usability to meet client goals and enhance engagement.
- Applied UI/UX principles and responsive design standards to ensure consistent, accessible, and high-performing websites across devices.
- Translated business objectives into visual design strategies, bridging the gap between creative vision and technical implementation.
- Implemented scalable design systems and reusable components, streamlining project delivery and maintaining visual consistency.
- Led design reviews and feedback sessions to maintain quality benchmarks and improve collaboration among cross-functional teams.
- Partnered with development teams to ensure smooth design-to-code handoff, resolving layout discrepancies and performance issues early in the process.
- Utilized analytics and user feedback to refine layouts, improve navigation flow, and optimize user retention.
- Stayed current with emerging design tools, accessibility guidelines, and web standards, incorporating them into project practices.
- Championed brand consistency and visual storytelling, ensuring all designs aligned with client identities and market trends.
