PROFESSIONAL SUMMARY

Driven .NET Backend Developer with a strong foundation in backend systems development, database optimization, and seamless integration of software components. Experienced in onsite project delivery and collaborating with cross-functional teams to achieve high-quality solutions. Looking for opportunities to advance technical expertise and contribute to impactful projects.

WORK EXPERIENCE

Focus Management Solutions —(Remote) Nairobi, Kenya **June 2024-Present**

- Developed and maintained robust backend systems, ensuring seamless functionality and integration with frontend components.
- Debugged existing application functionality to identify areas for improvement, enhancing system performance and user experience.
- Collaborated in team environments to produce high-quality programs and applications across various industries, contributing to both development and troubleshooting processes.
- Created and optimized SQL scripts to maintain database integrity and improve overall performance.

ONSITE EXPERIENCE (2 MONTHS)

Focus Management Solutions — Nairobi, Kenya (August 2024 – September 2024)

- Successfully completed a two-month onsite assignment, contributing to key project deliverables.
- Collaborated with cross-functional teams to implement solutions in real-time, ensuring smooth operations and quick resolution of issues.
- Gained hands-on experience in specific tools or technologies you worked with.
- Managed client and team expectations by delivering high-quality work within tight deadlines.
- Adapted to a fast-paced environment, demonstrating strong problem-solving and communication skills.
