SUMMARY

Engineering graduate specialized in AI/ML with strong skills in Python, SQL, Power BI and data analysis. Experienced in Django development and projects like fraud detection and predicting heart disease. Proficient in data cleaning, preprocessing, visualization, and predictive modelling using Pandas, Scikit-learn, and Matplotlib. Certified by IBM, Google, Microsoft.

SKILLS

Technical Skills: Data architecture, data management principles, advanced analytics, data visualization, business impact analysis, risk and opportunity identification, data engineering, data science, decisioning disciplines.

Tools & Technologies: Python, SQL, Snowflake, SAS, Power BI, Tableau, Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Excel, MySQL, Jupyter Notebook, Google Colab, Git, GitHub, AWS.

Soft Skills: Analytical Thinking, Problem Solving, Communication Skills, Team Collaboration, Adaptability, Time Management, Attention to Detail.

PROJECTS

Predicting Heart Disease [\[Link\]](#)

April 2025 – June 2025

- Developed a KNN model with 87% accuracy for heart disease prediction.
- Selected key features and optimized hyperparameters using GridSearchCV.
- Improved data quality by handling missing values and scaling features.

Zomato Data Analysis [\[Link\]](#)

January 2025 – March 2025

- Analysed 10,000+ listings to uncover trends in ratings, preferences, and online ordering.
- Used EDA tools to reveal a 15% rating boost via online orders and 10% satisfaction gain.

Fraud Detection in Financial Transactions [\[Link\]](#)

October 2024 – December 2024

- Built a fraud detection model with 98% accuracy and 15% fewer false positives.
- Used SMOTE, Scikit-learn, and Pandas to boost robustness and cut processing time 20%.

EXPERIENCE

Full stack developer | Aavishkar Codex Infotech LLP

January 2024 – May 2024

- Built and maintained a Django-based web app for managing over 1,000 donor and recipient records, leading to a 30% improvement in system efficiency and performance.
- Structured and queried an SQLite database to support faster access and accurate tracking of inventory data.
- Partnered with a 4-member team in an Agile setup to roll out core features and reduce delivery time by 15%.

CERTIFICATIONS

Data Science

Certified by IBM

Machine Learning Essentials

Certified by Microsoft

Generative AI

Certified by BCG X

EDUCATION

Data Science and Machine Learning Program - Ongoing

The Skillians, 9-months Program

Bachelor of Engineering in Computer Science with AI/ML - 2024

8.34 CGPA

New LJ Institute of Engineering and Technology
