PROFILE

1. **Recent BCA graduate** with a strong foundation in programming, software development, and computer applications, proficient in languages like Java, C++, and C .
2. **Eager to apply technical knowledge** and problem-solving skills in a dynamic IT role, with a focus on software development, web design, or database management.

EDUCATION

VEER BAHADUR SINGH PURVANCHAL UNIVERSITY , JAUNPUR

UP, INDIA

- **Bachelor of Computer Application** in Computer Application and Engineering 2022 – 2025
 - Among the top 10% of the batch
 - Relevant coursework in [**Relevant Subjects**: Web Development , Computer Network And Java Programming etc.]
 -
- **Intermediate (10+2)**
R L S INTER COLLAGE RAMPUR BIJAPUR JAUNPUR Uttar Pradesh , INDIA
Science (PCM) 2020 - 2022
77% 389/500
- **High School**
R Y GIC SANJAY NGR KARSAWAN DAKKHIN PATTI JAUNPUR Uttar Pradesh , INDIA
Science 2019 -2020
84.84% 509/600

SKILLS

Technical: SQL, Core Java , HTML5 , CSS , JavaScript , Computer Network , Data Structure.

Tools: MySQL , React-Js , Angular , Github , Excel , PowerPoint and Ms-word .

EXPERIENCE

- **Cognifyz Technologies** Nagpur, Maharashtra,, India
Java Development Intern (Remote Work) 26/02/2025 – Present
 - Developed multiple Java applications, including a **Temperature Converter, Palindrome Checker, Student Grade Calculator, and Random Password Generator**, showcasing proficiency in **arithmetic operations, string manipulation, and loops**.
 - Built a **Tic-Tac-Toe game** using **core Java**, improving problem-solving and logical thinking.
 - Implemented **file encryption/decryption and a password strength checker**, demonstrating knowledge of **security and cryptographic techniques**.
 - Designed a **real-time chat application** using **Java Sockets and NIO**, gaining hands-on experience in **network programming and client-server architecture**.
- **CodSoft** UP, India
Web Development Intern (Remote Work) 05/09/2024 to 05/10/2024

- Built multiple Web Application models that gives on my GitHub account .
- Some write code html , CSS and JavaScript

PROJECTS

- **Tic-Tac-Toe game** 26/02/2025– Present
 - Developed a console-based Tic-Tac-Toe game using Java, implementing game logic with a 3x3 grid.
 - Used object-oriented programming principles for efficient gameplay management. Included player input validation, turn-based mechanics, and win/draw detection .
 - Improved problem-solving skills and Java proficiency through hands-on development.
- **Calculator** 04/24 – 05/24
 - I used full HTML, CSS And JavaScript for this projects .
 - Developed a basic calculator using Java, supporting operations like addition, subtraction, multiplication, and division.
 - Implemented user input handling, error checking (e.g., division by zero), and a simple command-line interface. Strengthened understanding of Java fundamentals, conditional statements, and arithmetic operations.

Personal Details

- DOB – 11/01/2005
- Nationality – Indian
- Martial Status – Single
- Gender – male
- Religion – Hindu
- Language – Hindi , English
