- JavaScript

Backend Technologies:

- PHP
- MySQL
- MERN Stack

LANGUAGE

- English
- Hindi

PERSONAL DETAILS:

- **Nationality:** Indian
- **Interests:** Learning new web technologies, Reading Books, Playing Ludo

OBJECTIVE

A highly motivated and fresher with a solid foundation in web designing and development. I want to launch my career in Frontend Web Developer, utilizing skills in HTML, CSS and JAVASCRIPT for responsive design to build user friendly websites. Seeking an entry-level opportunity to contribute to learn new technologies, and grow professionally.

WORK EXPERIENCE

1. Personal Portfolio Website

A clean and responsive personal portfolio website designed to showcase my skills, projects, and contact information.
Built with a mobile-first approach to ensure a seamless experience on all devices.
Technologies Used: HTML5, CSS3, JavaScript, Bootstrap

2. A Website For Medical Agency

A clean and responsive medical website designed to showcase Medicines, Order Booking, and contact information.
Built with a mobile-first approach to ensure a seamless experience on all devices.
Technologies Used: HTML5, CSS3, JavaScript, Bootstrap

3. A SIH Project

A clean and responsive Crop Recommendation website designed to showcase problems of Indian Farmer, Fertilizers Recommendation, and Government Schemes information.
Built with a mobile-first approach to ensure a seamless experience on all devices.
Technologies Used: HTML5, CSS3, JavaScript, Bootstrap

I hereby declare that all the information provided above is true and correct to the best of my knowledge and belief.
