

SOURAV CHOUDHARY

Full Stack .NET Developer

☎ +91 6393418552 ✉ imschoudhary18@gmail.com 🔗 www.linkedin.com/in/sourav-choudhary021

Summary

Software Developer with 2.7 years of experience in .NET technologies, including C#, ASP.NET Core, ASP.NET MVC, and Entity Framework. Proficient in front-end technologies such as HTML5, CSS3, JavaScript, Bootstrap, and JQuery, with extensive experience in MS SQL Server. Strong understanding of Object-Oriented Programming (OOP) principles and a proven track record in developing scalable, high-performance applications.

Education

Swami Vivekananda Subharti University

2021 – 2023

Master of Computer Application

Meerut, U.P

Experience

National Informatics Center (NIC)

Aug 2023 – Present

.NET Developer

Lucknow, Uttar Pradesh

- Designed and developed dynamic user interfaces (UI) using JavaScript, JQuery, CSS, HTML and ASP.NET Ajax to implement client-side validation and ensure data integrity.
- Developed and optimized reports from the ground up, while providing ongoing support and enhancements to existing reports.
- Consistently delivered reports within established timelines, adhering to quality assurance standards and ensuring alignment with client specifications and expectations

Triserv360 Business Solution Pvt Ltd

May 2022 – July 2023

Software Developer

Kanpur, Uttar Pradesh

- Enhanced system performance and user satisfaction by analyzing and optimizing programs, achieving up to a 30% increase in operating efficiency
- Developed robust data processing, analysis, and reporting solutions using SQL and C#, delivering high-quality, efficient outcomes that met client requirements.
- Developed and deployed dynamic web applications using JavaScript, ASP.NET MVC, and C# to deliver scalable solutions for enhanced user experience.

Projects

UPPSC | Uttar Pradesh Public Service Commission

- Designed and developed interactive reports, ensuring accurate data presentation and an intuitive, user-friendly interface for enhanced usability.
- Integrated dynamic data visualization elements within reports, enabling real-time data updates for enhanced data analysis.
- Optimized database queries, reducing page load time by 40%.

PBL | Phoenix Beverages

- Developed an ERP system to streamline sales processes, improving tracking and achieving a 40% increase in sales efficiency and record tracking.
- Collaborated effectively with the functional team to ensure high-quality releases, resulting in a 20% reduction in bugs.
- Developed and maintained web applications using ASP.NET MVC, integrating third-party controls to enhance performance by 25%.

Bandejia | ERP

- Developed and designed intuitive UI/UX interfaces, ensuring seamless user experience and responsive designs using HTML5, CSS3, JavaScript, and DevExtreme controls.
- Collaborated with cross-functional teams to enhance software development processes, meeting project deadlines while ensuring optimal application performance.
- Utilized ASP.NET MVC and Crystal Reports to build dynamic web applications and generate comprehensive reports, ensuring efficient data presentation.

Technical Skills

Languages: C#, VB.Net, Object-Oriented Programming (OOP)

Front-End: HTML5, CSS3, JavaScript, Bootstrap, JQuery

Frameworks: ASP.Net Core, ASP.Net MVC, ASP.Net WebAPI, Entity Framework, ADO.Net

Database: Microsoft SQL Server

Development Tools: Visual Studio 2012, 2019, Visual Studio Code, SQL Server Management Studio
