Bachelor of Science in computer science

NES Ratnam College of Science and Commerce

GPA 9.5

06/2021 – 04/2024

Mumbai

PERSONAL PROJECTS

Online Movies Web Application

[Live Demo](#) | [Source Code](#)

- Developed an online movies application using React JS for a dynamic user interface and Tailwind CSS for a responsive, modern design, ensuring a seamless user experience.
- Managed complex application state with Redux, utilizing middleware and selectors to optimize performance and enhance the overall functionality of the web application.

Online GIFs Store Web Application

[Live Demo](#) | [Source Code](#)

- Created an online GIFs store using React for an interactive user interface and Tailwind CSS for a responsive, visually appealing design.
- Implemented navigation using React Router.
- Utilized Context API for efficient state management, ensuring smooth and consistent data flow across the application for enhanced user experience.
