

# RANJANA CHAUHAN

Seeking a results-driven role in the Information Technology industry where I can leverage my business analysis expertise, technical proficiency, and strong communication skills to drive strategic initiatives, optimize processes, and foster client relationships. I aim to contribute to a forward-thinking organization that values performance, innovation, and continuous professional growth.

## Ekana technologies Pvt Ltd (May 2022- 2023)

- Working in Ekana Technologies Pvt Ltd from May 2022.
- Collaborate with the manager to analyze requirements and ensure optimal results.
- Responsible for preparing detailed documentation such as FRD, BRD, process flowcharts, Use cases and technical documents. Collaborate with stakeholders to gather, analyze, and validate requirements, ensuring clear communication between business and technical teams.
- I have actively collaborated with IT teams to support planning and development initiatives, while ensuring that Agile principles guided the testing process for optimal efficiency and project alignment.

## Websultanate software technologies Pvt Ltd (June 2023- Aug 2025)

- Generate leads by identifying business opportunities, collaborating with clients to understand their needs, and ensuring delivery of intended results through effective communication and requirement analysis.
- Engaged with clients to gather, analyze, and document business requirements, ensuring clarity and alignment with project goals.
- Collaborate with IT teams to assess project feasibility based on business requirements, ensuring alignment between technical capabilities and stakeholder expectations.
