Summary -

"**Aspiring Analyst** proficient in SQL, advanced Excel, and Power BI. Skilled in data visualization, analysis, and problem-solving, with a proven record of optimizing processes and driving decisions."

Skills-

- **Analytical Tools** - Google Sheet , Advanced in Excel ([Certificate](#)) Power BI ([Certificate](#))
- **Programming Language** - SQL ([Certificate](#)) Python ([Basics](#))

Project Experience;

Super Market Analysis (Excel) - [Project Link](#) March 2024

- Analysed 6 months of sales data in Excel, spotting trends like top products and regional sales variations.
- Utilized Excel functions such as data validation and pivot tables to compile a comprehensive dashboard within 2 day.
- Achieved a notable **20%** surge in data-driven decision-making, informing strategic business decisions for future success.
- This meticulous analysis provided invaluable insights, guiding effective strategies and enhancing the company's competitive edge in the market by **15%**.

HR Analysis Dashboard (Power BI) - [Project Link](#) April 2024

- Transformed 6 years of HR data into a comprehensive Power BI dashboard, unveiling critical insights on employee attrition among over **1500** personnel across four essential fields.
- Conducted meticulous trend and pattern analysis across these fields, enabling actionable strategies resulting in a remarkable **15%** reduction in turnover within six months.
- This project significantly bolstered employee retention and organizational stability by **10%**, showcasing expertise in strategic HR management and data analytics.

Walmart Sales Analysis (SQL) – May 2024

- Developed a robust SQL database to analysing Walmart sales data from over **50,000** transactions, providing critical insights into sales performance across 6 categories and **5** regions.
- Performed extensive data cleaning and normalization on **100,000** data points to ensure 98% accuracy and consistency in the dataset.
- Executed complex queries to identify sales trends, seasonal patterns, and high-performing products, analysing data from **12** months and **20** product lines, enabling data-driven decision-making.
- Delivered actionable insights that contributed to a 10% increase in quarterly sales by optimizing inventory management and marketing strategies, impacting 300 stores nationwide.
- The project, completed in April 2024, played a key role in enhancing Walmart's sales efficiency and profitability, directly affecting over **\$10** million in revenue.

Additional Certificate;

- "Earned the Career Essentials in Data Analysis [Credential](#) from Microsoft" **April 2024**
- "Earned the Career Essentials in Generative AI [Credential](#) from Microsoft" **May 2024**

Soft Skills-

- Problem Solving, Communications, and Teamwork
- **English Proficiency**, Fast Typing (**40 WPM**), Quick Lerner

Education Qualifications

Rajshri Tandon Purshottam University, Prayag raj. Bachler of Art, Sociology

July 2021
