

Bandana Vishwakarma

7572098601 | bandanavishwakarmagkp@gmail.com

SUMMARY:

Business analyst with experience of over a year in analytics and software development.

Skills:

- **Exposure-** Wordpress, Statistics, Machine Learning, EDA, Data Visualization, Reporting & Analysis
- **Libraries** - Pandas, Scikit-Learn, Numpy, Scipy
- **Language** - Python, C
- **Database** - MySQL, PostgreSQL
- **Softwares** - Power BI, MS Excel, MS Powerpoint, MS Word, GSuite
- **Soft** - Business sense, Communication, Problem solving, Collaborative

Experience:

Wordpress Developer - Drop Heaven | Oct 2023 – April 2024

- Developed and customized WordPress themes to meet client specifications and brand guidelines.
- Made their Logo, business cards and catalogs
- Create their social media profile
- Implemented responsive design techniques to ensure compatibility across various devices.
- Created and modified plugins to extend site functionality based on client needs.
- Conducted website performance optimization to enhance loading times and user experience.

Business Analyst - Alaska Digital Solution | July 2022 – Sep 2023

- Conducted thorough analysis of business processes, system, and data to identify areas for improvement and optimization.
- Collaborated with cross-functional teams to gather requirements, define project scope and develop strategies for enhancing business operations.
- Utilized various data analysis techniques to extract meaningful insight from large datasets and generate reports for stakeholders.

Data Science Intern - Ineuron | Sep 2022 – March 2023

- Worked on various machine learning & deep learning algorithms for model optimization.
- Deployed various pipelines using Flask and Heroku.
- Performed analytical analysis of problems from a wide range of domains.

Python Intern - IIT Kanpur | Jun 2019 – Jul 2019

- Gained hands-on experience in core Python and SQL
- Developed python based GUI tools.

Education:

Bachelor of Technology - Abdul Kalam Technical University | 2018 – 2022 | CGPA- 7.5

Intermediate - MPIC | 2015 – 2017 | Percentage - 86.3

High School - JSIC | 2013 – 2015 | Percentage - 81

Projects:

Bank Loan Analysis - Data Analysis and Dashboarding

- Designed and developed Power BI dashboard to monitor and assess bank's lending activities and performance.
- Report provides insights into key loan metrics like DTI, interest rate, MOM, MTD, approval, funds, location, etc.
- Report helped make data-driven decisions, track loan portfolio's health, & find trends that can inform lending strategies.

Business Analytics - BUiness Analysis and Client conversion

- Conducted thorough analysis of business processes, system, and data to identify areas for improvement and optimization.
- Successfully converted 10+ prospects into high ticket clients.
