Fundamentals: OOPs Concept, HTML/CSS, SQL, Data Structure and Algorithm
Professional: MS Office, Leadership, Marketing, Problem Solving, Logic Builder, Teamwork

WORK EXPERIENCE

Paytm Payments Bank - Associate Oct 2023 - March 2024

- I efficiently contribute to the implementation of projects while actively collaborating with crossfunctional teams.
- Responsibilities include conducting research, performing analyses, troubleshooting technical issues, and assisting in project management activities to ensure timely delivery of high-quality solutions.
- Skilled in managing client expectations and resolving issues in a timely and efficient manner with focus on building positive relationships with clients.
- Coordinated with team members for resolving the technical issues for end-users, and ensuring a positive user experience.

PROJECTS

Voting App

- Engineered a secure and scalable voting application using Java Spring Boot, enabling users to cast votes for candidates efficiently.
- Designed and implemented robust admin functionalities for secure, real-time access to detailed voting results.
- Optimized backend services with Spring Boot, ensuring efficient data management and robust access controls.

Chit Chat

- Developed a real-time chat application using the MERN stack (MongoDB, React.js, Node.js) along with Socket.IO for seamless communication between users.
- Integrated Socket.IO to enable real-time messaging, ensuring instantaneous communication between users.
- User Interface: Developed a responsive and intuitive user interface using React.js and Tailwind CSS, enhancing user experience across various devices.

ACHIEVEMENT

- Achieved a 5-star rating and Problem Solving Certificate on HackerRank
- Solved over 250+ problems on LeetCode, showcasing strong problem-solving skills and proficiency.
- Earned a Spring Boot Framework certificate from Udemy
