EDUCATION

- Oriental Institute of Science and Technology** Bhopal, India
B.Tech, Information Technology, 8.0/10.00(CGPA), 8.3/10(SGPA) October 2021 - July 2025
Relevant Courses: Software Engineering, Operating Systems, Data Structures, Advance Analysis Of Algorithms, Artificial Intelligence, Computer Networking, Databases.

SKILLS

- Programming Languages:** C++, Java
- Relevant Skills:** Data Structures and Algorithms, OOPs
- Programming Tools:** Git, GitHub, MySQL, AWS
- Frameworks:** HTML, CSS, JavaScript Spring, Spring Boot, Bootstrap, React
- Programming IDEs:** VS Code, Apache NetBeans, Eclipse

WORK EXPERIENCE

- Wipro TalentNext** Remote
Student Intern (Java Full Stack Developer) July 2024 - present
 - Web Application Development:** Collaborating with a dynamic team to develop scalable web applications using core Java, Java EE, and Spring Boot.
 - Code Reviews and Best Practices:** Participating in code reviews and contributing to best practices for code quality, performance optimization, and maintainability.
 - Continuous Learning:** Staying updated with the latest industry trends and technologies, continuously enhancing technical skills and knowledge.
- Oasis InfoByte** Remote
Project Intern (Java Developer) October 2023 - December 2023
 - Development and Deployment:** Contributed to the development and deployment of a web-based project management tool using core Java, Java EE, Spring Boot, and MySQL.
 - Collaboration:** Collaborated with front-end developers to integrate back-end services with a responsive and intuitive user interface built with HTML, CSS, JavaScript, and Bootstrap.
 - Continuous Learning:** Engaged in continuous learning and skill development, staying updated with emerging technologies and best practices.

PROJECTS

- BazaarBuddy (Java, Spring Boot, Bootstrap, MySQL, HTML, CSS, JS, React):** Developed a comprehensive e-commerce application utilizing a tech stack that includes Java for the frontend, Spring Boot for the backend, Bootstrap for UI design, and MySQL for database management. Deployed end-to-end development of key functionalities including user authentication, product catalog management, shopping cart functionality, and secure payment processing. Drove the project's success through effective coordination and hands-on implementation. (July '24)
- Chatbot (Java, Spring Boot, AWT, Socket Programming, MySQL):** Developed a real-time messaging feature using Java and WebSocket technology, enabling instant message delivery and updates without manual refreshing. Utilized socket programming techniques to establish bidirectional communication between clients and the server, ensuring efficient message transmission. (March '24)
- TechFusion Blog(Exploring Tech Trends and Tutorials):** TechFusion Blog is a comprehensive platform built with Java Full Stack technologies, including Java, Spring Boot, Bootstrap and MySQL. It features in-depth articles, tutorials, and insights on the latest trends in technology, coding practices, and full stack development, designed to engage and inform developers and tech enthusiasts. Tech:Java,HTML,CSS,Bootstrap,MySQL,Sprin Boot(Jan '24)
- Sorting Equalizer (Enhancing Performance Across Arrays):** Designed and implemented a visualization tool for sorting algorithms to help users understand and compare the performance of various sorting techniques.This tool intelligently adjusts its approach based on array characteristics to achieve optimal efficiency. Tech :Java,JavaFX,Algorithms (present)

CERTIFICATIONS

- AWS certified - Oct, 2023
- JavaEE certified - Dec, 2023
- CISCO Computer Networking certified (CCNA) - March,2024
- AI certified - Jan, 2024

VOLUNTEER EXPERIENCE

- Discipline Core Team Member at Student Activity Council SAC** Bhopal, India
I actively contributed to maintaining order and organizing events. Mar 2023 - Sep 2023
- Event Organizer at College Cultural Fest** Bhopal, India
I coordinated activities and managed logistics to ensure the successful execution of events. Apr 2024 - May 2024
