EXPERIENCE

UI/UX Designer

Techdocklabs

08/2024 – 10/2024

Lucknow, India

At TechDock Labs, I worked as a UI/UX designer, focusing on creating visually appealing and user-centric designs. My key projects included a music and community app and a full-scale e-commerce platform with a user interface and admin panel. Using Figma, I crafted intuitive layouts, interactive prototypes, and seamless user journeys, ensuring modern design aesthetics and an engaging user experience.

UI/UX Developer - Trainee

Chetu Inc. Noida

02/2024 – 06/2024

Noida, India

At Chetu, I underwent comprehensive training in UI/UX development, where I honed my skills in designing user-friendly interfaces using tools like Figma and technologies such as HTML, CSS, JavaScript, jQuery, and Bootstrap. I worked on various projects, including admin panels, e-commerce platforms, and responsive web designs, ensuring seamless user experiences and modern aesthetics.

EDUCATION

St. Xavier's School

04/2015 – 04/2017

Ballia, India

CGPA - 9.4

SKILLS

- Figma
- HTML, CSS, Bootstrap
- JavaScript, JQuery

PROJECTS

Music Application Design

Designed an interactive music app with features like a music player, Playlist sharing, real time group listening, chat, community engagement, and Clubhouse-style audio interactions. Created an admin panel to manage content, user interactions, and playlists.

E-commerce Website Design

Developed the UI for a full-scale e-commerce website, focusing on a responsive and user-friendly layout. Also designed a robust admin panel to streamline product management, orders, and user controls for efficient site administration.
