CAREER OBJECTIVE

To secure a responsible position in a reputed organization where I can utilize my skills and knowledge to contribute to the success of the company, while also ensuring my personal and professional growth by learning new technologies.

DUCAT CENTRE IN 6 MONTH TRAINING

Frontend development

- Successfully completed a hands-on industrial training program focused on modern frontend technologies. Gained practical experience in designing responsive web interfaces and building interactive user interfaces using React.js.

Backend development

- Currently, I am undergoing Backend Development training where I am learning Node.js, Express.js, and MongoDB. I seek to work in an organization where I can contribute using my skills while also gaining opportunities to grow and learn.

Projects

Frontend Projects

- As part of this training, I successfully developed a Frontend Employee Management System project using HTML, CSS, JavaScript, and React.js.
- As part of this training, I successfully developed a Frontend Todo List project using HTML CSS, JAVASCRIPT.
- As part of this training, I successfully developed a Frontend Tic ToC Project HTML CSS JavaScript and react.js.
