About Me

Dedicated and detail-oriented. I have experience in UI/UX designing. Eager to design responsive website & webpage with full perfection at a given time and then deliver the project to the client with in a given time.

Professional Experience

UE Developer Co. | UI/UX DESIGNER

Key responsibilities:

- Illustrate design ideas using storyboards, process flows and sitemaps
- 1. **CUSTOM WEBSITES**
 - We design the best custom websites by keeping brand uniqueness and customer-specific needs in mind.
- 2. **STATIC WEBSITES**
 - make simple but impressive websites without complexities of programming & coding with Static web designing.
- 3. **LANDING PAGE SITES**
 - Get more conversions with the ultimate landing page sites and turn your visitors to customers.
- 4. **E-COMMERCE WEBSITES**
 - Our solid team of experts with technical expertise can help you develop an e-Commerce website specifically to your business requirements.
- 5. **DYNAMIC WEBSITES**
 - Let us help you with your needs in dynamic website development while you Focus on your core business.

Academic Projects

Online Tour and Travel Management System

- Successfully Completed our Mini Project Online Tour and Travel Management System when I developed a travel agency app, using Core Java language by JDK & Netbeans (IDE). The app had to manage the complete details of Travel Agency, Customers, Cards, Booking, and Charges.
