Professional Summary

Detail-oriented and certified QA Engineer with 3+ years of experience in manual and automation testing. Proficient in Selenium, TestNG, Cucumber, Postman, and Agile methodologies. Proven ability to build robust test automation frameworks, mentor junior testers, and deliver high-quality releases.

Core Competencies

Selenium WebDriver · Cucumber BDD · TestNG · Manual Testing · Automation Testing · API Testing (Postman) · Regression Testing · Agile & Scrum · JIRA · Trello · Jenkins · Git · MySQL

Professional Experience

Senior Software Test Engineer, MyHotelLine | Jun 2025 – Present

- Designed and executed test plans for multiple web/mobile applications with 95% coverage.
- Built robust Selenium framework using Java and TestNG, reducing testing time by 30%.
- Conducted regression, integration, smoke, and UI/UX testing across Agile sprints.
- Mentored junior QA engineers and improved script quality through peer reviews.

Quality Assurance Consultant, Digital Business People | Jan 2025 – Apr 2025

- Define overall strategy for CCM - Inspire-based templates, interactive documents, and workflows.
- Develop test plans, scenarios, and coverage, including data-driven (variable data) use cases and edge conditions.
- Coordinate with business analysts and stakeholders to derive test requirements from design and business specifications

Software Test Engineer, S-Tech Solution (Amazeheads & Wizklub) | Apr 2022 – Dec 2024

- Built scratch test framework using Selenium WebDriver and Java.
- Utilized Cucumber (BDD) to foster collaboration with product and development teams.
- Executed more than 300 manual and automated test cases per sprint.
- Managed bug lifecycle using JIRA; ensured timely resolution and regression validation.

Projects

Flipkart Mobile Automation

GitHub: <https://github.com/Gunjan1100/flipkart.git>

Built Selenium-based framework for automating Flipkart's mobile site.

FitPeo Cucumber Framework

GitHub: https://github.com/Gunjan1100/FitPeo_CucumberFramework.git

Designed BDD-based framework with reusable steps, scenario outlines, and parallel execution.

Education & Certifications

- MCA – Master of Computer Applications, 2017
- B.Sc. in Mathematics, 2012
- Selenium Automation Testing – Intellipaat, Nov 2024
- Certificate: <https://lms.intellipaat.com/certificate-link/?Yz1jdXMtOTEyODEzJnU9Mjc4MTEwJmV4dD0x>
