SUMMARY

A detail-oriented Website Developer with hands-on experience in HTML, CSS, JavaScript, and responsive web design. Skilled at building user-centric interfaces, optimizing performance across devices, and writing clean, maintainable code. Strong understanding of modern web standards and a proactive approach to problem-solving in collaborative environments.

PROJECTS

- **COFFEE SHOP WEBSITE**

Developed a responsive coffee shop website using HTML, CSS, and JavaScript with a clean and modern user interface. Implemented interactive features such as smooth scrolling, dynamic navigation, and menu interactions to enhance user experience. Utilized CSS Flexbox/Grid and media queries to ensure seamless performance across all devices. Wrote clean, structured, and maintainable code following modern front-end standards.

- **PORTFOLIO WEBSITE**

Designed and developed a personal portfolio website to showcase projects, skills and achievements. Applied modern web development practices and responsive design techniques to deliver a seamless cross-device experience.
