Sarswati Intermediate College, Naharpur, Gorakhpur <i>Class X, UP Board</i>	2015 <i>Percentage: 75.33</i>

Technical Skills

- HTML, CSS, JavaScript, Bootstrap, React, Node.js, Angular
- Java, OOPS, DSA
- MySQL
- AWS
- Git, GitHub
- Android Development

Experience

Mindsprint <i>Junior Software Engineer</i>	June 2023 – September 2023 <i>Chennai</i>
• Developed responsive web applications using HTML, CSS, Angular and Bootstrap. • Managed and optimized databases using SQL, ensuring efficient data retrieval and manipulation. • Participated in hands-on projects involving AWS, Docker and Kubernetes.	

ShapeMySkills <i>Internship</i>	June 2022 – August 2022 <i>Gorakhpur</i>
• Android App Development Using Java	

Projects

Video Player <i>Android Drive</i>	August – 2022
• This is an easy to use Android Video Player. • It can play all types of videos files	
Car Rental System <i>MERN Stack</i>	November – 2022
• The project is to automate vehicle rental and reservation. • So that the customers do not need to call and spend unnecessary time to reserve a vehicle. • Customers can check availability of vehicles and booking amount.	
Sports Store <i>Angular Git</i>	August – 2023
• Sports Store is an e-commerce web application. • We created an online product catalog that customers can browse by category and page. • A shopping cart where users can add and remove products. • We also create an administration area that includes create, read, update, and delete (CRUD) facilities for managing the catalog
