PROFILE

Enthusiastic Node.js Developer skilled in building RESTful APIs and scalable backend systems using Express.js and MongoDB. Passionate about writing clean, efficient code and eager to contribute to dynamic projects.

EDUCATION

Shri Ramswaroop Memorial University – Lucknow , India
Bachelor of Technology in Computer Science – 2020 – 2024

SKILLS

Technical: Nodejs , JavaScript , Html , CSS , Java ,Python , Django, MongoDB , SQL , Tailwind
Tools: Advance Excel , Bootstrap , Google Sheet , Canva , WordPress

CERTIFICATION

- JAVA (Precursor Info Solutions)
- Django(Precursor Info Solutions)
- MongoDB(MongoDB University)

EXPERIENCE

(FICTIVEBOX DIGITAL)

Backend Developer in NodeJS

- Developed and maintained RESTful APIs using Node.js, Express.js, and MongoDB for a Grievance Management System.
- Implemented authentication, CRUD operations, and optimized backend workflows to ensure smooth integration with frontend applications.

PROJECTS

Grievance Management System(NodeJS project)

- Developed a full-featured backend using Node.js, Express.js, and MongoDB to handle complaints and user management efficiently.
- Implemented authentication, CRUD operations, and role-based access control for admin and users.
- Optimized workflows to ensure smooth integration with the frontend, enhancing overall system performance.

Internship Hub (Django Project)

- Developed a web platform using Django where companies can register, login, and showcase their internship programs.
- Enabled students to register, login, browse available internships, and enroll in programs seamlessly.
- Implemented secure authentication and smooth interaction between companies and students for an efficient internship management system.
