Gurgaon, India

MGSS School

Intermediate - **72 %**

March 2019– May 2021

Darbhangha, Bihar

MGSS School

Matriculation - **74 %**

March 2018– March 2019

Darbhangha, Bihar

COURSEWORK / SKILLS

- Data cleansing
- Data Visualisation
- MS Excel
- Data Modelling
- Data Analytics

PROJECTS

Unicorn Company Insights Analysis | Tools: SQL, Power BI

- Analyzed global unicorn company data to uncover investment trends, industry dominance, and regional startup distribution. Used SQL for data cleaning, transformation, and querying—identifying top industries, most active investors, and country-wise unicorn growth. Built an interactive Power BI dashboard featuring filters, KPIs, and charts to visualize valuation trends, funding stages, and sector insights.

Exploratory Data Analysis (EDA) | Tools: Python (Pandas and Matplotlib)

- Performed extensive data cleaning and summarization on a structured dataset to derive actionable insights.
- Visualized data trends using Python libraries, enabling informed decision-making for business strategies.

TECHNICAL SKILLS

Languages: Sql, Python

Libraries: Pandas, Matplotlib

Developer Tools: Jupyter Notebook, MySQL, PowerBI

Cloud: Amazon Web Service (S3, Athena -Beginner)

EXTRACURRICULAR

College Project Exhibition

- * Participated in the annual college project exhibition focused on data analytics and database Management and web development.
- * Developed comprehensive project presentations and demonstrated functionality to a panel of judges and audience members.

CERTIFICATIONS

- SQL Certification - Anudip Foundation
- Microsoft PowerBI Desktop for Business Intelligence - Udemy
