## Education

### Parul University, Vadodara

2023 – 2025

*M.C.A. - Full Stack Development, CGPA: 8.60 / 10*

### Siddharth University, Siddharthnagar

2020 – 2023

*B.C.A., Percentage: 67.29*

## Skills

- **Frontend:** HTML, CSS, JavaScript, ReactJS, Bootstrap, Tailwind CSS
- **State Management:** React Context API
- **Version Control:** Git, GitHub, VS Code, Postman
- **Web Technologies:** REST APIs, API Testing, API Integration, HTTP/HTTPS, Responsive Design

## Experience

### Dreamviewer Infotech

Jun 2025 – Aug 2025

*Frontend Developer Intern*

1

- Developed and optimized the **Vantara E-commerce Project**, building reusable UI components and integrating APIs with **Redux Toolkit** and **Axios**.
- Implemented key modules for the **Begin Yatra Project**, a travel-based platform, focusing on dynamic UI design, state management, and seamless API connectivity.

### AccioJob

Oct 2024 – April 2025

*Software Developer Intern*

- Built and maintained frontend features using **HTML, CSS, JavaScript, and ReactJS**.
- Contributed to a Blinkit Clone project by developing responsive UI and integrating REST APIs under mentorship from senior developers.

## Projects

### Begin Yatra | React.js, Redux Toolkit, Axios, Tailwind CSS

Jul 2025 – Aug 2025

- Developed a travel-based platform with focus on dynamic UI and responsive design.
- Integrated REST APIs using **Redux Toolkit** and **Axios** for seamless data handling.
- Implemented state management and reusable components for maintainability.

### Vantara (E-commerce Website) | React.js, Redux Toolkit, Axios, Bootstrap

Jun 2025 – Jul 2025

- Built and optimized e-commerce UI with reusable components.
- Integrated API endpoints for product listing, cart, and user flows using **Redux Toolkit** and **Axios**.
- Ensured cross-device compatibility and performance optimization.

### BlinkIt Clone | React.js, Bootstrap, HTML, CSS, JavaScript

Jan 2025 – Feb 2025

- Developed frontend with dynamic product listings and cart functionalities.
- Implemented responsive UI components for better UX.
- Used React hooks (useState, useEffect) for state management.

## Certifications

- Front-End Development Certification – Acciojob (2025)
- JavaScript, React, – Edureka (2022)
- Responsive Web Design – FreeCodeCamp (2023)

## Languages

- Hindi
- English
