EDUCATION

Bachelor of Computer Application, GLA University, Mathura	2024
Intermediate, Sacred Heart School, Nichlaul, Uttar Pradesh 273304	2021
High School, Sacred Heart School, Nichlaul, Uttar Pradesh 273304	2019

PROJECTS

Restaurant Bill Generation System Sept – Dec 2022

(Console based System)

- Developed a Restaurant Bill Generation System using C language, providing an efficient and user-friendly interface for generating bills and managing customer orders.
- Implemented a comprehensive menu system, allowing customers to select items, customize their orders, and calculate the total bill accurately.
- *Tool Used:* We use DevC++ and Visual Studio Code as an IDE for better code compilation & debugging as it is the modern and standard editor.

QUIZZ APPLICATION Jan – May 2023

(Android application)

- Developed an engaging Android Quiz Application using Java, providing users with an interactive and educational quiz experience.
- Integrated various features, such as multiple-choice questions, timers, and score tracking, to enhance the quiz experience and provide real-time feedback to users.
- Published the Android Quiz Application on the Amazon App Store, making it available to a wide audience and demonstrating the ability to successfully deploy and distribute an Android application.
- *Tool Used:* We use Android Studio and Google Firebase Database.

LAW - POINT Sept – Dec 2023

(Android application)

- Led Android development for a lawyer appointment application, ensuring a seamless user experience. Utilized Java/Kotlin and Android Studio to create an intuitive UI
- Implemented a user-friendly scheduling interface for lawyers and clients, streamlining the appointment booking process
- Developed push notification system for timely reminders and updates, enhancing communication between lawyers and clients.
- *Tool Used:* We use Android Studio and Google Firebase Database.

CERTIFICATIONS

- **Certification of Python Programming (Google, Coursera)** Feb 2023
Basic understanding of Python Language
- **Certification of SQL (HackerRank)** Sep 2022
SQL (Basic) Certificate
- **Certification of JAVA Programming (Sololearn)** Jul 2023
JAVA Programming with OOP's
- **Certification of C Programming (Sololearn)** Jun 2023
Basic understanding of C Programming Language

SKILLS

Technical

- Networking : TCP/IP, DNS, FTP, SMTP, Routing.
- Android Development: Android SDK, Activities, Fragments
- User Interface (UI) Design: XML,HTML,CSS
- Developers Tool:Visual Studio Code, Android Studio ,Google Firebase
- *Languages:* C,C++, JAVA, Python & MySQL (DSA)

Professional

- | | |
|-------------------|-------------------|
| ● Communication | ● Work Ethic |
| ● Problem Solving | ● Self-motivation |
| ● Leadership | ● Creativity |

EXTRA/CO-CURRICULAR ACTIVITIES

- Co-ordinated - UTSAAH (Cultural Fest, GLA)
- Co-ordinated Samwaad (GGT)
- Content Writing Associate (BCA-O-CRATES, GLA)
- HEAD - Event Management Team (SATRANGLE, GLA)
- Event Management Team (GLA-VOICE)

ACHIEVEMENTS & ACCOMPLISHMENTS

- ❖ Rewarded with 3 Star Silver Badge on Hackerrank in JAVA, C, & MySQL
- ❖ Rewarded with 4 Star Silver Badge on Hackerrank in Problem Solving and Python
- ❖ Participated in Evolute'23 TECH-A-THON -2023 (GLA-UNIVERSITY)
