

GARIMA SINGH

LUCKNOW , UTTAR PRADESH | 7307342396 | garimasinghgautam28@gmail.com

Aspiring Web Developer with a strong foundation in Python, HTML5, CSS, and JavaScript. Passionate about creating user-friendly and interactive web applications. Proficient in object-oriented programming, debugging, and algorithm optimization. Seeking an opportunity to contribute technical expertise and grow within a dynamic development team.

EDUCATION

Bachelor of Computer Application (BCA)

Degree will be obtained in June 2025

- Relevant coursework: Advanced Financial Accounting and Reporting
- CGPA – 7.85

PROJECTS

Swaad (Ongoing Project)

- Developing a web-based application named Swaad focused on showcasing and sharing traditional recipes.
- Implementing HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, and Python to create an interactive user experience.
- Integrating database management for storing and retrieving recipe details efficiently

Palindrome Checker (Python-Based)

- Developed a Python-based palindrome checker to determine whether a given string is a palindrome.
- Implemented efficient string manipulation techniques for optimized performance.
- Designed the program with a user-friendly input mechanism for enhanced usability.

Tic-Tac-Toe Game (Web-Based)

- Designed and developed an interactive Tic-Tac-Toe game using HTML, CSS, and JavaScript.
- Implemented game logic and a responsive UI for improved user experience.

Virtual Assistant (Python-Based)

- Developed a Python-based virtual assistant that responds to user commands.
- Integrated Python libraries to enhance automation and functionality

To-Do List (Console-Based)

- Created a console-based to-do list application using Python.
- Implemented features for task addition, deletion, and completion tracking.

EXPERIENCE

Python Intern | CodeAlpha

April 2024 – July 2024

- Learned about various **Python libraries** like 'speech_recognition' and 'pyttsx3' and their applications.
- Strengthened **independent coding and project development** skills.
- Gained experience in **logic building and algorithm implementation**.

Python Intern | VoultofCodes

February 2024 – March 2024

- Improved **problem-solving and debugging** skills.
- Enhanced understanding of **Python programming fundamentals**.
- Improved ability to write **clean and efficient code without relying on external libraries**.

SKILLS

- **Programming Languages:** Python, HTML, CSS, JavaScript
- **Web Development:** Front-end development, Responsive design
- **Technologies & Tools:** Git, VS Code, Numpy, Tailwind CSS, Bootstrap
- **Database Knowledge:** Basic SQL, DBMS
- **Problem-Solving:** Debugging, Algorithm optimization
- **Soft Skills:** Problem-solving, Communication, Adaptability, Attention to detail, Independent
