Career Objective

A passionate and detail-oriented MERN Stack Developer seeking an opportunity to leverage my skills in MongoDB, Express.js, React.js, and Node.js to develop scalable and efficient web applications. Committed to writing clean and optimized code while continuously enhancing my knowledge in full-stack development.

Technical Skills

- HTML5
- CSS3 (Tailwind)
- JavaScript
- React JS + Next JS
- Node JS
- Expree JS
- Mongo DB
- RESTful API

Work Experience

- | | | |
|-------------------------------|--------------|----------------------|
| • Prodigy Info Tech | (Internship) | Oct 2024 to Nov 2024 |
| • Quantneural Private Limited | | Jun 2025 to PRESENT |

Projects

- [ChatSync](#) – Real-Time Chat Web App :-
A modern chat application built with the MERN Stack and Socket.IO for real-time one-to-one messaging. It includes secure authentication, persistent chat history, dynamic theme switching, profile picture updates, and a fully responsive UI. Powered by RESTful APIs and WebSocket integration, ChatSync ensures fast and seamless communication across devices.
- [Note-Web-App](#) :-
A full-stack MERN application for creating and managing personal notes with JWT-based authentication, real-time search, and theme toggle. Data is stored in MongoDB and frontend is built with React and Tailwind CSS.

Certifications

- Full Stack Developer Certification Issued by : One Roadmap

Academic Qualification

Bachelors of computer Applications	: FLeMITS Institute , Lucknow 2022 – 2025	CGPA : - 7.38
Intermediate	: Uttar Pradesh State Board 2020 – 2021	Percent: - 71%
High School	: Uttar Pradesh State Board 2018– 2019	Percent: - 67%
