- Eager to contribute to a **dynamic team** and grow in the field of **software development**.

Work Experience

❖ Industrial Training Python With Django

Trainee

Softpro India Computer Technologies PVT. LTD., Lucknow
February 2024 – May 2024

Responsibilities:

- Developed and maintained full-stack web applications using Python and Django, ensuring responsive and user-friendly interfaces.
- Utilized Django's ORM to interact with the database, creating and managing data models and migrations.
- Implemented RESTful APIs for seamless communication between front-end and back-end systems, enhancing application functionality.
- Debugged and resolved technical issues, improving code quality and application performance through rigorous testing and code reviews.

Achievements:

- Achieved A++ grade in Python with Django Industrial Training from Softpro India Computer Technologies PVT. LTD.
- Participated in a quiz competition at Babu Banarasi Das National Institute of Technology and Management

Academic Projects

School Management System

Tools: Bootstrap, Django

Roles: Full-Stack web application, Deployment

The system includes user authentication, role-based access control, and intuitive interfaces for teachers, students, and administrators. Implemented robust database management with Django's ORM and ensured efficient data processing through RESTful APIs.

Library Management System

Tools: Bootstrap, Django

Roles: Full-Stack web application, Deployment

The system features user authentication, book search functionality, and a user-friendly interface for both library staff and patrons. Implemented RESTful APIs for seamless data management and ensured efficient database interactions with Django's ORM.
