S

CAREER OBJECTIVE

To work in competitive environment on challenging task that shall put my knowledge into implementation and helps me to enhance my skill and potential so that I can gain more knowledge as well as experience to achieve organizational growth.

ACADEMIC BACKGROUND

Qualification	Specialization	University/ Board	Academic Year	Percentage
MCA	Computer Application.	Integral University.	2019-21	80.88%
PGDCA	Diploma In Computer Application.	University Of Nehru Gram Bharti University (NGBU)	2018-19	80.93%

TRAINING BACKGROUND

- 7th month Training at **Arudan Technology, PRAYAGRAJ (U.P)**
Project training in "PHP & MySQL, JavaScript, React-JS, Node-JS, Express-JS."

TRAINING PROJECT

- PROJECT: Hotel Booking Website:**
Developed a Hotel Booking Website using PHP, MySQL, and AJAX, jQuery to streamline the hotel reservation process and enhance user experience. The website allows users to search for hotels, view available rooms, make bookings, and manage reservations efficiently.

- **PROJECT: create own Browser:**

Develop a custom web browser with basic functionalities.

Technologies Used: React.js for frontend development and Bootstrap for styling and layout.

Key Features: Basic browsing capabilities, Registration page, Login Page and store data in LocalStorage.

GitHub: <https://github.com/DravinanshuM/translator.git>

- **PROJECT: Currency Converter App:**

The Currency Converter App aims to provide users with a simple and efficient tool for converting currencies based on real-time exchange rates. By leveraging React.js, the project can offer a responsive and interactive interface that allows users to input currency amounts, select conversion pairs, and view converted values instantly.

GitHub: <https://github.com/DravinanshuM/currency-converter.git>

- **PROJECT: Advance CURD APP:**

By leveraging React for the frontend and Node.js, Express, MongoDB, and Mongoose for the backend, along with additional features for sorting and filtering, the Advanced CRUD App provides a comprehensive platform for managing data efficiently. The integration of these technologies enables developers to build a scalable, feature-rich application that meets the needs of users and businesses alike.

MCA FINAL YEAR PROJECT

- **PROJECT TITLE: Responsive Website Development:**

As part of my final year MCA project, I successfully designed and developed a full responsive website using HTML, CSS, JavaScript, and jQuery. The project aimed to create an engaging and user-friendly website that seamlessly adapts to various screen sizes and devices.

WORK - EXPERIENCE

- **Ucertify Training and Certification: [Application Trainee Developer] – [December 2022] – [April 2023].**

During my internship at Ucertify Training and Certification as an Application Trainee Developer, I had the opportunity to immerse myself in a dynamic and hands-on learning environment tailored to develop my skills and knowledge in software development.

SKILLS

- **Programming Languages:** JavaScript, ES-6.
- **Framework:** Bootstrap, Node-JS, Express-JS
- **Library:** jQuery, AJAX, React-JS.
- **Data Base:** MongoDB, mongoose.
- **Web Technologies:** HTML-5, CSS-3, Canvas, SVG.
- **Other Knowledge:** Git & GitHub.

HOBBIES & INTERESTS

- Learning new Technologies.
- Explore the world and Traveling adventures places.

PERSONAL VITAE

- **Name:** Dravinanshu Mishra.
- **DOB:** 5/02/1998.
- **Father's Name:** Rakesh Mishra.
- **Mother's Name:** Saroj Mishra.
- **Address:** 120, Saha Urf Peepal Gao, Jhalwa, Praygaraj.
- **Language:** Hindi, English.
