EDUCATION

Minor in CSE and Advanced Technologies, Indian Institute of Technology (IIT), Mandi	2024-Present
B.Tech in Computer Science, Integral University (CGPI - 8.79)	2019-23
Secondary School Certificate, Lucknow Public School (87.6%)	2017-19
Higher Secondary Certificate, St. Xavier's High School (90.8%)	2017

SKILLS

Programming Languages	Python, JAVA, C++, C
Backend Technologies	Django Rest Framework, FastAPI, Spring Boot, MongoDB, SQL
Development Tools	HTML, CSS, GitHub, AWS, Postman
Cyber Security/Forensics	Ethical Hacking, Autopsy

TRAININGS

Ethical Hacking, at IUCAT, Lucknow View Document	Mar 2021 - Jul 2021
Completed training in Ethical Hacking, covering Social Engineering, Steganography, and Virtual Lab Setting.	
AWS, at Integral University, Lucknow View Document	Jul 2022 - Aug 2022
Gained proficiency in AWS services, including S3, VPC, and EC2.	

PROJECTS

Employee CRUD Operations Backend (GitHub Link)
- Developed a comprehensive backend program for CRUD operations using JAVA and Spring Boot. - Conducted extensive testing with Postman, resulting in a 20% increase in application reliability. - Integrated with MySQL database, improving data management efficiency by 25%.
Crypto Cipher (GitHub Link)
- Developed a backend project that converts plain text into cipher text using JAVA. - Implemented RSA algorithm with a 1028-bit public key, ensuring high-level data encryption and security.

INTERNSHIPS

Backend Developer Intern in Advanced Idea Analytics (View Document)
Feb 2025 - Present
- Built RESTful APIs with Django Rest Framework for patient CRUD operations, ensuring secure data handling. - Tested and debugged APIs using Postman, improving accuracy by 20% and reducing errors by 15%.
Data Structure and Algorithms Intern in Twowaits Technologies Pvt. Ltd (View Document)
Jul 2022 - Aug 2022
- Developed and optimized algorithms to solve complex data structure problems. - Conducted code reviews and provided feedback to peers, enhancing the overall code quality.

CERTIFICATES

Data Structures and Algorithms View Document	Feb 2023 - Mar 2023
Google Cloud Community Days View Document	Jan 2021 - Jan 2021
