Projects

AI Career Gap Analyzer <i>DRF, React.js, PostgreSQL</i>	Nov 2025
Live : https://ai-career-gap.vercel.app/	
• Engineered an AI-based career analysis platform used by 10–15 users for evaluating skill gaps and generating improvement suggestions. • Designed and integrated RESTful APIs enabling reliable communication between frontend and backend. • Deployed frontend on Vercel and backend on Render, ensuring stable and scalable system performance.	
Face Detection Attendance System 	July 2025
Live : https://face-attendance-ovba.onrender.com/	
• Developed a real-time facial recognition system to prevent proxy attendance. • Implemented role-based dashboards for Admin and Students with secure authentication. • Configured CRUD modules to manage attendance logs, student records, and faculty data.	
Education Website 	Oct 2024
Live: https://btecheduhelp.vercel.app/	
• Created a responsive academic portal for accessing notes, sessional results, and AKTU PYQs. • Enhanced mobile-first UI/UX, improving navigation efficiency and accessibility by ~25% across devices.	

Work Experience

SoftPro India, Lucknow <i>Client-Side Developer Intern</i>	Jul 2024 – Sep 2024
• Developed an Online Admission System with Django & SQLite, streamlining student registration workflows and reducing manual data entry by ~25%. • Added secure authentication & role-based access supporting 10+ users. • Optimized queries and CRUD workflows, improving system response time by ~25%.	

Achievements & Certifications

- Solved **400+** DSA problems on **GeeksforGeeks**.
- **Hackerrank:** 4 stars in Python, Cpp.
- **Certifications:** Python & Django Development.

Professional Skills

- Problem Solving • Team Collaboration • Adaptability • Time Management • Analytical Thinking
