

SHIRISH NIGAM

69/32 Danakhori, Kanpur, Uttar Pradesh | +917348452402 | shirish.nigam.7444@gmail.com

Frontend Developer with experience in building responsive web interfaces and interactive features. Developed an **AI-based audio analysis app** as a Freelance Developer and contributed to web projects during my internship at **LearnSiksha**. Proficient in **React.js**, **JavaScript**, **HTML5**, and **CSS3**, with projects like **Rest Countries App** and **Flappy Bird Game**. Passionate about creating user-friendly and scalable web solutions.

TECHNICAL SKILLS

- HTML & CSS
- Javascript
- Git & Github
- Bootstrap
- J2SE & JDBC
- React

EXPERIENCE

Freelance Developer (AI-Based Audio Analysis)

NZKosh | October 2024 - January 2025 | [Link](#) | [GitHub](#)

- Developed the user interface using **HTML5**, **CSS**, **JavaScript** and **Bootstrap** for an audio analysis (AI based) web application.
- Enabled functionalities for users to upload audio and submit audio for analysis.
- Implemented **OAuth-based authentication** to enable secure user login and profile retrieval and data security.
- Integrated the frontend with **.NET-based APIs** for audio processing, transcription retrieval, and analysis results.

Front-end Developer Intern

LearnSiksha | March 2024 -September 2024 | [Link](#)

- Developed and styled webpages using **HTML**, **CSS** and **Bootstrap**.
- Collaborated with a team of developers to design and implement website features.
- Participate in code reviews and team meetings to discuss project progress and challenges

PROJECTS

Rest Countries App | [Link](#) | [GitHub](#)

- Built a **React-based web app** using the **REST Countries API**, featuring **search**, **filter by region**, and **dark/light mode toggle**.
- Utilized **React hooks** (useState, useEffect) and **React Router** for state management and seamless navigation.
- Designed a **responsive UI** with **CSS Flexbox/Grid** and deployed on **Netlify** for global access.
- Implemented **dynamic data fetching** and **error handling** for a smooth user experience.

Flappy Bird Game | [Link](#) | [GitHub](#)

- Developed a responsive Flappy Bird game using **HTML**, **CSS**, and **JavaScript**, incorporating essential concepts such as **HTML canvas**, **JavaScript functions**, and **objects**.
- Utilized advanced **DOM manipulation**, **event handling**, **loops**, and **arrays** to create dynamic gameplay and interactive features.
- Successfully deployed the game on **Netlify**, ensuring accessibility and performance across various devices and browsers.

EDUCATION

- **MCA** : Dr. Virendra Swarup Institute of Computer Studies, Kanpur, India | 2023
- **BCA** : Dayanand Academy of Management Studies, Kanpur, India | 2021
