SUMMARY

In conclusion, my one-year journey as a software developer has been marked by continuous learning, collaborative endeavors, and meaningful contributions to various projects. I have not only deepened my technical proficiency in [specific technologies] but also refined my problem-solving skills and embraced the agile ethos of iterative development.

EXPERIENCE

Software Developer

Singsys pte ltd

April 2024 - June 2024, Lucknow, Uttar Pradesh, India • On-site

• Developed responsive, cross-browser-compatible websites with HTML, CSS, and JavaScript, emphasizing visually appealing user interfaces, prioritizing user experience and accessibility, showcasing proficiency in front-end technologies like html, css, js and Bootstrap.

Software Developer

McKinsol Consulting Inc.

January 2023 - April 2023, Noida, Uttar Pradesh, India • On-site

• Developed responsive, cross-browser-compatible websites with HTML, CSS, and JavaScript, emphasizing visually appealing user interfaces, prioritizing user experience and accessibility, showcasing proficiency in front-end frameworks like Angular, and utilizing popular CSS frameworks such as Bootstrap or Foundation for streamlined development and design consistency.

PROJECTS

Fujifilm ROI

Singsys pte ltd • April 2024 - June 2024

• Fujifilm and its group companies develop, produce and market products in the Document Solutions business (office copy machines/multifunction devices, printers, production systems and services, paper, consumables, and office services).

Neu Vays Company Website

McKinsol Consulting Inc. • November 2023 – February 2024

• Created a company website using HTML, CSS, JavaScript, and AngularJS, developed and debugged web applications for representing the company, created responsive designs and prototypes for web projects, and designed a user-friendly experience for the user and mentions the complete description about the company.

E-Commerce Website

McKinsol Consulting Inc. • September 2023 – November 2023

• Collaborated on client website UIs using HTML, JavaScript, and AngularJS, developed and debugged web applications for customer accounts, created responsive designs and prototypes for web projects, and designed a user-friendly product catalog with search and filter options for client product discovery.

IDMX

McKinsol Consulting Inc. • April 2023 - September 2023

• Managed SAP Master data across domains such as Article, Vendor, Customer, Material, BOM, Routing, Cost Center, Profit Center, and GL Account, utilizing McKinsol's proprietary tool, Intelligent Data Management Express (IDMX), for seamless CRUD operations.
