PROFESSIONAL EXPERIENCE

Role: Senior Business Analyst at **Mittal Software Labs Ltd (April 2024 – Present)**

Key Projects:

- **Track and Trace Automation:** Automated the tracking of purchase orders and inbound deliveries using a file bot, streamlining processes and enhancing reporting efficiency.
- **Inventory Management Control:** Designed and implemented an automated system for inventory management, reducing manual effort, minimizing errors, and improving report accuracy.
- **Intercompany Transaction Reporting:** Led automation of GL balance report extraction and consolidation, improving data accessibility through automated file saving and sharing via SharePoint.

Responsibilities:

- Process discovery, assessment, and documentation for automation opportunities.
- Collaborated with stakeholders to gather requirements and design solutions.
- Facilitated User Acceptance Testing (UAT) to ensure solutions met business needs.

Role: Business Analyst at **Mittal Software Labs LLP (Nov 2021 – Mar 2024)**

Key Projects:

- **Commercial PO Data Extraction:** Automated data extraction from purchase orders for a major automobile company, integrating data into SAP BI for improved reporting.
- **Weekly Forecast Automation:** Streamlined the extraction, transformation, and loading of reports into SAP, enhancing data processing speed and report accuracy.
- **Tool Crib Savings Capture:** Developed RPA solutions for tracking negotiated savings, ensuring consistent performance against cost-saving targets.
- **Daily Banking EBS Automation:** Automated the daily uploading of bank statements into SAP, significantly reducing processing time and enhancing accuracy.
- **Bank and Sales Reconciliation:** Designed RPA solutions for sales report reconciliation, ensuring data integrity in SAP by addressing missing transactions promptly.

Role: Customer Executive L2 Agent at **Flipkart (Oct 2020 – Oct 2021)**

Responsibilities:

- Managed customer queries related to multiple return processes, providing end-to-end resolution.
- Ensured smooth process flow through client interactions and outbound customer calls.
- Analyzed and resolved customer issues while adhering to company guidelines.
