EDUCATION

•Veer Bahadur Singh Purvanchal University, Jaunpur, U.P.

2023

Bachelor of Technology in Information Technology

CGPA : 7.5

•Savitri Vidya Vihar Inter College RamgiPuram Basti U.P.

2018

Senior Secondary

Percentage:60

• Sri Sita Ram Adarsh Inter Collage Nagar Bazar Basti U.P.

2016

Matriculation

Percentage: 77

EXPERIENCE

•OctaNet

Internship

– Web Development

PERSONAL PROJECTS

•Youtube clone

07/2023

Project description(<https://github.com/fanofcode9984/Youtube-Clone>)

- Tools & technologies used: HTML, CSS, Javascript
- More description on the project(A YouTube clone is a web application created using HTML, CSS, and JavaScript to replicate the core functionality and appearance of the popular video-sharing platform, YouTube. HTML structures the webpage, CSS styles it and JavaScript adds interactivity. Users can upload, view, and search for videos, comment, and like/dislike videos, and subscribe to channels. Video playback, user authentication, and a responsive design are key features.

•Food-Villa-App-main

08/2023

Project description(<https://github.com/fanofcode9984/Food-Villa-App-main>)

- Tools & technologies used: Javascript, React
- More description of the project (We created the Food Villa App using React, Most of the details are coming from Swiggy Public API for Restaurants, only a few things are hard coded so, many times we get to see different restaurants. Using shimmer UI to improve the user experience on the site when API is taking time to respond. Responsiveness, I put in my 100 percent effort to make it fully responsive The most important is the ability to switch cities, a real-time database, so every order is reflected in your history instantly. You can search restaurants by name, really fast.)

TECHNICAL SKILLS AND INTERESTS

Languages:C / Python / JavaScript / MySQL

Developer Tools: HTML / CSS /Bootstrap / Wordpress /React

Strengths:Hard-Working, Quick Learner

Soft Skills: Teamwork , Problem-solving , Time management

Technology: Git, Github

Areas of Interest: web Development

INTERNSHIP AND CERTIFICATIONS

•TCS iON Career Edge TCS iON

•web development Internship OctaNet

ACHIEVEMENTS

•Achievement codechef+codeforces + Leetcode: solve more than 100+

•Achievement competitive problem Hackerrank: 3star coder
