Lucknow • 9151760957 • manishmagento15@gmail.com • linkedin.com/in/manish-mishra-2a354566

Skills: Magento, PHP, MySQL, JavaScript, jQuery, GraphQL, Restful APIs, Git, OOPS Programming

PROFESSIONAL EXPERIENCE

Professional Freelancing, Lucknow (Remote) • Senior Magento Developer 03/2023 - Present

Technical Skills: Magento 2.4.5, GraphQL, PHP, MySQL, jQuery, GitHub, Jira used.

As Magento Lead/developer, handling client's project which is of clothing store business. Running currently on magento open-source community version 2.4.5, the site showcases an exclusive range of clothes for men/women. I am handling this site with a major focus on fixing critical bugs due to third party extensions and other magento bugs like checkout page loading issue, minicart update, cart update etc. Also, I have optimized the website by following the best available approaches and techniques.

Valuelabs, Bengaluru (Remote) • Senior Analyst 11/2022 - 03/2023

Worked on the project named Munro Footwear as a part of BAU team. You have to find a way to prove it. For example:

- ▶ **Technical Skills:** Magento 2.4.3, PHP, GraphQL, Restful API, MySQL, jQuery, PHPStorm, Jira, GitHub.
- ▶ **Project Details: Munro Footwear (<https://munrofootweargroup.com.au/>)**
- ▶ This website is based on open-source community version 2.4.3 and a B2C business majorly focusing on footwear, handbags etc. This brand consists of several sub-brands.
- ▶ I have worked as a Senior Backend Developer being part of the team focusing on issues related to PDP page popup, cart page update issues related to qty update etc.
- ▶ Also learned new techniques of troubleshoot issues using XDebug and other IDEs like PHPStorm.

Krish Technolabs Pvt. Ltd., Bengaluru (Remote) • Sr. Software Engineer 05/2021 - 11/2022

I have worked on a project named Bateel Internationals which is a luxury brand of dates and gourmet products originating from the UAE.

- ▶ **Technical Skills:** Magento 2.4.3-p2, PHP, Restful API, MySQL, JavaScript/jQuery, Jira, GitHub.
- ▶ **Project Details: Bateel Internationals (<https://bateel.com/>)**
- ▶ Project was on Magento open-source community version 2.4.1, later on migrated to 2.4.3-p2. I have worked as an individual Senior Backend developer leading the project along with shared resources of UI developer & QA. Got involved in day to day leading the client calls & standups, sprint planning, task analysis on Jira, code execution & basing testing, code reviews etc.
- ▶ Gained experience as Magento Lead and handled the project efficiently with major focus on version upgrade, site optimization, bug fixing and feature development, payment gateway (Razorpay) integration, third party extension integrations etc.

Radar Technosoft Pvt. Ltd., Bengaluru (Remote) • Software Engineer

07/2020 – 05/2021

I worked in this company as a Magento Developer mainly working for two clients Tech Mahindra & Sakha Global. This was a contract-based project.

- ▶ **Technical Skills:** Magento 1.9, PHP, MySQL, JavaScript/jQuery, Jira, GitHub.
- ▶ **Project Details: Vodafone Germany**
- ▶ Got training for several products of the client and worked on magento open-source community version 1.9, focusing their in-house website fixing.
- ▶ Also worked for client company Sakha Global's in-house website for a shorter period of time and focused onsite optimization etc.

Nalli Silk Sarees Pvt. Ltd., Bengaluru • Software Developer

01/2019 - 01/2020

Got experience of working in product-based company culture. Worked as Junior Web Developer under one Senior Developer majorly worked on new site creation from scratch (previous site was on enterprise version 1.9 and new site was on community version 2.4.1), support tasks like catalog upload & stock management, site optimization, bug fixing, url rewrite issues etc. Also got the opportunity to be part of the production process like product lot allotment, SKU assignment, picture upload and color correction etc.

- ▶ **Technical Skills:** Magento 1.9 & 2.4.1, PHP, Restful API, MySQL, JavaScript/jQuery, GitHub.
- ▶ **Project Details: Nalli Silks (<https://www.nalli.com>)**

Retail Insights Pvt. Ltd., Bengaluru • Software Developer

04/2016 - 12/2018

This was the company where I began my journey of Magento and worked on various B2C projects based out of different business nature. Got real development experience and specialized in backend development. Also got the experience as Lead handled team size of 4+ people.

- ▶ **Technical Skills:** Magento 1.9, 2.4.1, PHP, Restful API, MySQL, JavaScript/jQuery, GitHub.
- ▶ **Project Details: Apollo Pharmacy (<https://www.apollopharmacy.in>)**
DesireDesire (<https://www.desiredesire.in>)
Entertainment Store (<https://entertainmentstore.in>)

Nexify Technosoft Pvt. Ltd., Bengaluru • Jr. PHP Developer

10/2015 - 04/2016

My very first company after my graduation where I got my hands-on experience on PHP. Got to work on real time projects and core websites based on technology such as **PHP, MySQL, JavaScript** etc.
