Professional Experience

Data Scientist & Team Lead

1GEN, Pune | Nov 2023 – Present

- Led a team in developing data-driven solutions for a mindfulness audio platform (PreK–High School users, USA).
- Designed and deployed data pipelines, APIs, and analytics workflows for scalable insights.
- Built and integrated AI-powered bots for data analysis, reducing manual reporting time.
- Developed and maintained Power BI dashboards and Excel-based reports for leadership and clients.
- Actively participated in client discussions, product roadmap planning, and cross-functional collaboration.
- Mentored junior team members, fostering teamwork and technical growth.

Key Achievements:

- ✓ Delivered scalable APIs enabling real-time insights.

- ✓ Improved decision-making by creating AI-based analytics bots.
- ✓ Successfully revamped analytics logic by addressing complex edge cases.

Data Science Intern

Indeed Inspiring Infotech, Pune | Mar 2023 – May 2023

- Learned and applied data science fundamentals via bootcamps, hackathons, and competitions.
- Built hands-on skills in Python, visualization, and collaborative project execution.

Social Impact Project

SHINE Project – Tech for Social Good

- Collaborated with NGOs, old-age homes, Orphanages and community groups to create a digital platform.
- Enabled communities to share stories, sell handmade items, and raise funds via campaigns.
- Designed data workflows for tracking engagement, storytelling, and fundraising impact.
- Helped amplify community voices through technology-driven storytelling.
