Professional Experience

Syflex Techno Solutions Pvt Ltd

01/24 - 05/24

Php Developer

- Experienced full-stack developer proficient in PHP and MySQL, adept at delivering tailored solutions to meet client requirements. Contributed to the development of an e-commerce website, ensuring efficiency and functionality throughout the project lifecycle.

Education

Gita Autonomous College, Bhubaneswar

10/20 - present

Computer science and information technology - 8.69

Pranav Chatterjee , Buxar

05/18 - 03/20

12th - 77.80%

Projects

Chat Web Application

10/22 - 10/22

- This project is based on a chatting website or any chat app, utilizing a tech stack including HTML, CSS, JavaScript, and PHP. You can find it at <https://coderskychat.000webhostapp.com>.

Restaurants Food order(Web Application)

08/23 - 01/24

- Explore our restaurant website where enticing visuals seamlessly blend with menus and online reservations, all crafted using PHP, HTML, JavaScript, and CSS. Indulge in our culinary delights, reserve a table, and embark on a gastronomic journey like no other.

Website Monitoring (Web Application)

03/24 - 03/24

- This project utilizes HTML, CSS, AJAX, PHP, and MySQLi to create a website monitoring tool. Users can input URLs to monitor, and the tool periodically checks their status, displaying real-time updates. PHP handles server-side operations, while AJAX enables seamless, asynchronous updates without page reloads. MySQLi manages the database for storing website information.

Key Skills

- Java
- HTML/Css/Bootstrap
- Php, laravel
- React, javascript, Node.js
- SQL/MySQL
