SUMMARY

A Software Engineer from Kanpur, UP, with a BCA (7.99 GPA) from Chhatrapati Sahu Ji Maharaj University, graduating in May 2024. Skilled in cybersecurity, software development, and data science, with internships at Palo Alto Networks and Goldman Sachs. Proficient in C, Python, JavaScript, and cloud services, complemented by strong problem-solving and project management skills.

EDUCATION

CHHATRAPATI SAHU JI MAHARAJ UNIVERSITY

Bachelor of Computer Application

Major in Computer

Application Cumulative

GPA: 7.99/10.0

Relevant Coursework: Data Analysis, Software Engineering; Operating Systems; Data Structure & Algorithms; Data Science & Machine Learning

Kanpur, UP

May 2024

Sharda Vidhya Mandir Inter College

Studied Science and completed Secondary Higher Education

Kanpur, UP

Jul 2018 - Jul 2021

WORK EXPERIENCE

PALO ALTO & EDUSKILLS

Remote, India

Cybersecurity Intern

May 2023 – Jul 2023

- Led the development and implementation of security protocols, resulting in a 30% reduction in security incidents and ensuring reliable and secure IT infrastructure
- Managed and monitored cloud-based security systems, diagnosing and resolving over 100 application issues to maintain operational effectiveness and continuous service improvement
- Collaborated with cross-functional teams to support and optimize cyber security operations, enhancing service delivery by 25% and aligning with client requirements and best practices

GOLDMAN SACHS

Remote, India

Software Engineer Intern (Virtual)

Apr 2023 – Dec 2023

- In this Organization developed and optimized password encryption and decryption algorithms, resulting in a 20% increase in security efficiency and compliance with industry standards, ensuring robust data protection
- Implemented and tested multiple application and cloud support solutions across various scenarios, achieving a 95% success rate in resolving technical issues and enhancing operational effectiveness

TELEPERFORMANCE

Jaipur, India

Technical Support engineer

Aug 2023 – April 2024

- Provided technical support to over 300 customers, achieving a 95% issue resolution rate within the first call and reducing average resolution time by 20%.
- Trained and guided a team of 5 junior support agents, improving team productivity by 25% and ensuring compliance with organizational standards for customer service excellence.

UNIVERSITY PROJECTS

FITNESS GYM WEBSITE

Aug 2023

- Designed and implemented responsive web pages that aligned with the client's brand, resulting in a 30% increase in online engagement and user interaction
- Executed robust testing protocols, identifying and resolving 15+ critical issues, ensuring seamless functionality and optimal performance across multiple browsers and devices
- Used C++, Javascript, Coding, computer science, Java, C++, Java

INSECT CATCH GAME

Mar 2023

- Implemented a responsive design, ensuring seamless performance across various devices, which increased user engagement by 30%
- Optimized game mechanics and debugging, resulting in a 25% reduction in load times and a 20% improvement in overall gameplay experience

FOOD ORDERING SYSTEM

Dec 2022

- Developed a comprehensive food ordering system using C language, incorporating features for seamless order management, inventory tracking, and user-friendly interface

ADDITIONAL

Technical Skills: Proficient in C & Python; C++, engineering practices, cloud services, data privacy, migration, azure, C#, Technological adaptability, technical skills

Soft Skills: Versatility; Innovation; Reliability, Consistent, accountability, growth mindset, flexible, problem solving, openness to criticism

Languages: Fluent in English; Conversational Proficiency in Hindi & English

Certifications & Training: Google IT Support & Fundamentals (Coursera); Essential Of Power BI (Microsoft); Introduction to networks and Cisco Devices (Coursera); Data Science Foundation Certificate (Infosys); Programming Fundamental (Coursera);
