EDUCATION

Madan Mohan Malaviya University of Technology, Gorakhpur

2021 – 2025

B.Tech - Computer Science and Engineering - **CGPA – 7.4**

Gorakhpur, Uttar Pradesh

COURSEWORK/ SKILLS

- DSA
- OOPS Concepts
- Software Engineering
- Machine Learning
- Operating Systems
- Computer Networks
- DBMS

PROJECTS

RentKart | React, NodeJs, expressJs, Database – MongoDB (Atlas) MERN Stack , IDE - VS Code 2022

- full-stack web application for helping people to rent rooms and flats online
- Landlords can post room availability with location and contact details.
- Tenants can find rooms and shortlist them. Integrated Google map to view location embedded google map.
- Implemented JWT basic authentication for login/signup.
- Implemented search with the country name, states, cities and area.

Foodify | React, Express(Nodejs),Axios Database – MongoDB(Atlas),MERN Stack, IDE - VS Code 2023

- full-stack web application for ordering the foods from anywhere anytime
- Created different part of frontend where user can choose Breakfast, Lunch and Dinner
- Implemented JWT basic authentication for login/signup

Dis-Todo | React, Solidity, Hardhat EtherJs , Sepolia Network, IDE - VS Code 2024

- Blockchain Based Distributed Todo Application
- Create, Read, Update and Delete todos using MetaMask

College Space | NextJs , Axios Database – MongoDB (Atlas) , IDE - VS Code 2023

- full-Stack web application for sharing college notes and college papers.
- Implemented JWT basic authentication for login/signup.

INTERNSHIP

CodSoft 06 2023 – 07 2023

Frontend Web Developer Intern | HTML CSS JavaScript React

Remote

- Worked as a Frontend Web Developer, Innovated landing pages and calculators to enhance my skills.

TECHNICAL SKILLS

Languages: C++, C, JavaScript, Python, Solidity, TypeScript

Technologies/Frameworks: HTML5, CSS3, React, MongoDB, ExpressJS, NextJS, NodeJS, Redux, Tailwind, Bootstrap, Hardhat, EtherJS, Ethereum

Developer Tools: VS Code, Git/GitHub, Jupiter Notebook, Google Colab

ACHIEVEMENTS

- First rank in **SYNTAX SEIZE** among **150+** teams — **Certificate**
- Solved **900+** Problems across **GeeksforGeeks** and **Leetcode**
- Ratings: Codechef **1537**, LeetCode **1594**, GeeksforGeeks **1798**, CodeForces **1039**,

CERTIFICATIONS

- Introduction to Machine Learning - NPTEL
- Programming in Modern C++ - NPTEL
- Problem Solving - Hacker Rank

EXTRACURRICULAR and SOFT SKILLS

- Participated in hackathons and weekly coding contests on platforms such as CodeChef, LeetCode, Codeforces, GeeksforGeeks and Code 360
- Top 1% Rating on the code 360 coding platform
- **Soft Skills:** Enthusiastic, Patient, Time Management, Collaborative, Adaptability
