CAREER OBJECTIVE

Results-oriented Computer Science graduate with Java full-stack experience, skilled in Java, Spring Boot, React, HTML, CSS, JavaScript, SQL, Git, cloud computing and deep learning. Looking for an entry-level role to contribute to innovative projects in a dynamic team.

EDUCATION

Bipin Tripathi Kumaon Institute of Technology, Dwarahat, Uttarakhand

Aug 2020 – Aug 2024

B.Tech in Computer Science and Engineering

CGPA: 8.0

INTERNSHIP EXPERIENCE

Workfall

Nov 2024 – Jan 2025

Backend Developer Intern

Singapore, Remote

- Designed entities and developed REST APIs for scalable backend systems.
- Integrated Twilio for messaging and automated email scheduling with cron jobs.
- Generated PDFs using iTextPDF for report automation and reporting.
- Built backend projects like Hospital Management System, IRCTC System, and Ticket Booking System.
- Gained expertise in Spring Boot, JWT, MongoDB and PostgreSQL, strengthening backend development skills

Kodnest

Mar 2024 – May 2024

Java Full Stack Developer Intern

Bengaluru, Remote

- Completed 100+ hours of Java training, mastering OOP principles and advanced Java concepts.
- Gained hands-on experience with HTML, CSS, JavaScript, and SQL for full-stack development.
- Developed and optimized CRUD operations using Spring Boot for a Student Management Dashboard

PROJECTS

IRCTC | *Java, Hibernate, Spring Boot, JWT, PostgreSQL, MongoDB and Swagger* | [GitHub](#)

Dec 2024

- Developed a train ticket booking system with real-time seat availability
- Implemented JWT authentication with role-based authorization using Spring Security.
- Designed entities and built REST APIs for ticket booking, cancellations, and user management.
- Added pagination, search, and filters for efficient train and ticket lookup.

AcademiaManager | *React.js, Spring Boot, Java, Docker, H2* | [GitHub](#)

Aug 2024

- Developed and containerized a full-stack course management system using Spring Boot (backend) and React (frontend).
- Created RESTful APIs with proper CORS configuration for secure communication between frontend and backend.
- Designed a responsive, user-friendly UI in React for a seamless user experience. .
- Used Docker Compose to streamline deployment, reducing setup time by 50%.

StudentHub | *Spring Boot, Thymeleaf, Maven, Eclipse EE, Hibernate, MySQL* | [GitHub](#)

Apr 2024

- Developed a CRUD web-based Student Management Dashboard using Spring Boot and Thymeleaf.
- Implemented RESTful APIs for seamless data interaction and management.
- Used Maven for efficient project management, improving application maintainability.

TECHNICAL SKILLS

Languages: Java, Python, HTML, CSS, JavaScript and SQL **Developer Tools:** Maven, Postman, Swagger, Git, Docker, VS Code and IntelliJ IDEA **Databases:** MySQL, MongoDB and PostgreSQL **Frameworks and Libraries:** Spring Boot, React and Hibernate
