MY PROFILE

Strong in design and integration with intuitive problem-solving skills. Passionate about implementing and launching new projects. Excellent teamwork, interpersonal and communication skills. Looking to start the career as an entry-level engineer with a reputed firm driven by technology. I am a hard working, honest individual. I am a good timekeeper, always willing to learn new skills. I am friendly, helpful and polite, have a good sense of humour. I am able to work independently in busy environments and also within a team setting. I am outgoing and tactful, and able to listen effectively when solving problems.

WORK EXPERIENCES

REAL-TIME VIDEO DEHAZING FOR ROAD VEHICLE PROJECT

College Project

2022-2023

- Worked in real-time video dehazing project using image processing tool in MATLAB.
- Developed real-time video dehazing system for road vehicles in adverse weather conditions.
- It was done by me and my project partner to reduce the risk of Road accident.
- Conducted extensive real-world testing to validate the system's effectiveness.
- Improved visibility and safety for drivers, reducing accidents caused by reduced visibility.
- Contributed to advancements in computer vision and driver assistance technology.
