PROJECT:

eBay Shopify Integration App: Jan 2021- Present

- The eBay Integration app helps worldwide sellers of Shopify to start business on eBay via API
- The app creates products on eBay with the same or custom information (Title, Description, Price, Inventory, etc.) in bulk action
- The app provides real time inventory & order syncing between Shopify and eBay
- Being a Senior Business Analyst, my role is to justify the project's need, the role of teammates and raise the market value of the project
- Conducting regular **competitor analysis** to ensure that the product stands out
- Planning and strategizing for **google ads (Text, display, Video, HTML ads) Facebook Ads, Shopify app store ads** and engaging with respective team to get the goal
- Prepare **SOPs** from onboarding the sellers with service till their satisfaction and conversion from a lead to Satisfied lead
- Prepare the list of requirements/enhancements by gathering the details from Sellers, the team of support members by chat/query analysis, the analysis market needs, and the points collected from the competitors' service or survey
- Based on preparing the report, a direct meeting with the technical & Quality Assurance team to explain the needs and expected results, the time frame of completion and launching by prioritizing it without affecting the work
- Involved in **the UAT (User Acceptance Testing)** part
- Maintain a graph of growth in terms of app store ranking, reviews, and revenue growth
- A daily stand-up meeting with a team to keep motivated, prepare for challenges, provide a solution for query and plan for week, month progress by focusing on individuals' growth
- Helped sellers to set up **eBay store page & eBay ads**

Sears Shopify Integration App: Jan 2020 - Feb 2023

- Sears Marketplace was one of the Popular US marketplaces
- The integration app worked as a bridge between Shopify to Sears Marketplace
- The first project taught the concept of Shopify, Marketplace Integration app and marketplace, the e-commerce concept, technologies
- Did client handling
- Client follows ups on **Email (Gmail), Skype, calls, live chats(tawk.to), Gmeet, Zoom Meetings**
- Meet the review and revenue targets

Walmart CA Shopify Integration App: Aug 2020 - Dec 2020

- Worked as a Business Analyst for the project
- Deal with Walmart marketplace team as official partners
- Gained expertise in category and attributes mapping
- Gathered the requirements and solved the queries on online chats
- Got knowledge on SWW program for Walmart US sellers and brought new traffic to CA marketplace.
- Maintained the **report of monthly sales**
- Continuous communication with the Walmart team, Development team, QA team

Rakuten (US & France) Shopify Integration App: Jan 2020 – Sept 2020

- Provide technical support to the US and France customers in smooth listing and managing orders.
