➤ SUMMER TRAINING

Softpro India Computer Technologies, 2 Months

Here, I am improve my Technical Skill as well as Personality skill to work with Team and In this 2 months I learned Android Development using this Technology I developed the Projects (my Hisab).

My Hisab

I have completed My Hisab , Android Application by using Ui Technologies(XML) and Back End Technologies(JAVA,PHP,API,RETROFIT) and Database(SQLi) .which makes it easy for the shopkeepers to keep their account

➤ MY PROJECTS:

Brain Trainer Android Application

I have completed My BrainTrainer , Android Application by using Ui Technologies(XML) and Back End Technologies(KOTLIN).Under Which you can solve mathematical problems and you can play it like a game .

Dice Roller Android Application

I have completed My Dice Roller , Android Application by using Ui Technologies(XML) and Back End Technologies(KOTLIN).Under Which it can be used like a DICE Which randomly generates dice numbers from 1 to 6. With this you can a DICE without physically keeping the DICE.
