SUMMARY

Motivated and results-driven Web Developer with strong expertise in front-end technologies including HTML, CSS, JavaScript, and React.js. Possess a solid foundation in software development, project lifecycle management, and responsive UI/UX design. A highly adaptable and quick learner, eager to take on diverse roles as per organizational needs. Committed to continuous learning, hands-on experience, and contributing effectively across different domains through dedication and flexibility in a collaborative environment.

Education

- **Master of Computer Applications (MCA)**
Roorkee Institute of Technology, Roorkee, Uttarakhand (2023 - 2025)
- **Bachelor of Science (Mathematics)**
St. Joseph College, Gorakhpur, Uttar Pradesh (2022)

Technical Skills

- **Languages & Frameworks:** HTML, CSS, JavaScript, Java
- **Databases:** MySQL
- **Tools & IDEs:** VS Code, Eclipse, GitHub
- MS office

STRENGTH

- Quick learner and highly adaptable to new roles and responsibilities
- Open to working in diverse domains as per business requirements
- Flexible with job roles, schedules, and work environments

Projects

Blood Donation Website (Full-Stack Web Application)

- Developed a centralized web platform using HTML, CSS, JavaScript, Node.js, and MongoDB to connect blood donors and recipients.
- Implemented geolocation-based donor search using Google Maps API for real-time proximity matching.
- Integrated secure login/authentication for donors, recipients, and admins.
- Built modular features like donor registration, blood request, and “Nearby Me” using RESTful APIs.
- Designed a responsive UI with Tailwind CSS and ensured end-to-end testing with Postman.

E-Commerce Website

- Developed the front-end using HTML, CSS, and JavaScript, ensuring responsiveness and a user-friendly experience.
- Implemented login functionality using JavaScript.

Fruits and Vegetable Selling Website (MERN Stack)

- Built a full-fledged e-commerce platform using MongoDB, Express.js, React, and Node.js.
- Integrated user authentication, product management, and order processing features.

YouTube Clone

- Designed and developed a sleek, intuitive web interface using **HTML, CSS, and JavaScript**.
- Added **skip and next button functionalities** for seamless video navigation.

Certifications

- RDBMS PostgreSQL Training – **IIT Bombay (2023)** | [Certificate](#)
- Mathematical and Statistical with Python Programme – **Grant Thornton (2024)** | [Certificate](#)
- Micro-Certificate: Flow Designer – **ServiceNow (2024)** | [Certificate](#)
- Micro-Certificate: Application Developer User Interface Creator – **ServiceNow (2024)** | [Certificate](#)
- Technomax- **RIT Roorkee (2025)** | [Certificate](#)
