PROJECTS

Coffee Shop (Frontend)

- Developed a responsive website for a local coffee shop using HTML, CSS, and JavaScript, focusing on user-friendly interface design and smooth navigation. Integrated features such as menu display, online ordering, and customer feedback form to enhance user experience and engagement. Employed modern frontend frameworks like Bootstrap to ensure compatibility across various devices and browsers.

Online Shopping (Frontend)

- Designed and developed a comprehensive e-commerce website from scratch, incorporating frontend technologies like HTML, CSS, and JavaScript for intuitive user interfaces.

Wildlife Sanctuary (Frontend)

- Created a captivating website for a Wildlife Sanctuary using a combination of HTML, CSS, JavaScript, and Bootstrap. The website provides visitors with an immersive experience, showcasing the sanctuary's diverse flora and fauna.

CERTIFICATES

Completed a 45-day Summer Training program in ASP.NET.
