SUMMARY

Enthusiastic and Motivated **Software Engineering** graduate with a strong passion for **Frontend Development**. Proficient in building responsive, user-friendly web interfaces using **HTML, CSS, JavaScript**, and modern libraries like **React.js**. Skilled in creating clean, maintainable code and collaborating effectively using **Git and GitHub** for **version control** and project management.

TECHNICAL SKILLS & ADDITIONAL

Technical Skills: Javascript, HTML/CSS, Python(Basics), C/C++(Basics), Java(Basics), RESTful API

Frameworks & Library : React JS, Vite, Tailwind CSS

IDE's & Version Control : VS Code & Git/GitHub

Languages: Fluent in Hindi, Conversational in English.

PROJECTS

PropBot (Real Estate Web App) [Prop-Bot](#)

2024

- Built using **React JS** (front-end) and styled with **Tailwind CSS**, focusing on clean, responsive UI.
- Integrated state management (using React hooks / context / or similar) to handle UI update flows smoothly.
- Utilized React.js for building reusable components and managing application state effectively.
- Integrated with a **RESTful API** to dynamically fetch and display property listings, including real-time property details, images, prices, and locations..
- Utilized **React Hooks** and **component-based architecture** for state management, ensuring modularity and code reusability.
- Deployed the application using **Vercel**, demonstrating hands-on experience in deploying and maintaining live web apps.

PopX (Login / Signup + Dashboard Interface) [Pop-X](#)

2024

- Developed a fully functional custom **Login** and **Signup** forms with real-time input validation..
- Managed **user state** and **route** protection to control access to the **dashboard**..
- Utilized **React functional components, hooks (useState, useEffect)** and **conditional rendering** to manage UI flow.
- Constructed a mobile-responsive layout with **CSS Flexbox/Grid**, facilitating iteration and component.
- Implemented client-side routing (e.g., with **react-router-dom**) for seamless navigation between auth and dashboard pages.
- Applied **Git** for **version control** and **GitHub** and Hosted the project on **Vercel**.

EDUCATION

PROF. RAJENDRA SINGH (Rajju Bhaiya) UNIVERSITY
Bachelor of Computer Application

Prayagraj, UP
2021 – 2024

GOVERNMENT INTER COLLEGE
Intermediate

Mirzapur, UP
2020 – 2021

SMPMB INTER COLLEGE
High School

Mirzapur, UP
2018 – 2019

ACTIVITY

FREEDOM EMPLOYABILITY ACADEMY
Learner

Prayagraj, UP
2022 – 2023

INTERESTS & HOBBIES

- **Listening Music**
- **Playing Cricket**
- **Reading Books**
